

Fire Protection Sustainability Board Ad Hoc Subcommittee

Summary Snapshot

December 13, 2019

Background

Scope of Subcommittee: Work collaboratively with the Yolo County Fire Chiefs Association to develop and implement a long-term sustainability plan for unincorporated fire protection services.

Contacts:

- Marcus Klinkhammer, Chief Willow Oak Fire Protection District
Email: ffklinkhammer@gmail.com Phone: 530-662-0781
- Carolyn Jhajj, Senior Management Analyst, County Administrator's Office
Email: carolyn.jhajj@yolocounty.org Phone: 530-406-5775

Info

The Ad Hoc Subcommittee convened on November 21, 2019. The committee reviewed and provided feedback on draft station checklists. It is the intent that these checklists will be used to determine needs at each of the fire stations. The members also reviewed service coverage using a GIS map to evaluate potential areas of need.

Upcoming Efforts

- Chief Fredericksen and Chief Klinkhammer will be contacting each of the fire stations in December to conduct a site visit to evaluate station needs.
- Site visits are currently being scheduled in January for the members to visit nearby counties (Sonoma and Amador) to gather information on their experiences tackling the challenges of volunteer reduction, increasing service calls, and rising equipment costs.

On the Horizon

The next subcommittee meeting will be scheduled in January, to coincide with the county site visits.

In the meantime, staff are working to evaluate and develop draft operational options to share with the Fire Districts in late Spring.
