Testing is offered at these locations on a first come, first served basis. The sites will close once all the tests are gone for that day. Participants must be residents of Yolo County and will need to bring proof in the form of a document displaying their name and address, such as a driver's license, ID card, utility bill, or rental agreement. All ages are accepted. Registration is recommended in order to speed up the process but is not required and does not guarantee a test. When residents register online, they will not be able to select a time slot and will not receive a confirmation of receipt. Register at: <https://www.avellinocoronatest.com/patient>.

These sites will test if residents currently have COVID-19, not antibodies. Residents must wear a face covering and practice social distancing. These are not drive-thru testing sites, so residents will need to park their car and walk a short distance to the testing building. Spanish translation will be available at most, if not all, of the sites.

Test results typically come back within a week of receipt from the lab. There may be some delays in getting testing results due to high demand and backlog statewide. Residents can call Yolo 2-1-1 for resource information.
