

GREEN CHECK PROGRAM

Background

This is a voluntary program that encourages and endorses businesses who are complying with local and state COVID-19 requirements and guidelines. Through this program, businesses will be given a certificate that can be posted in a prominent location within the business to show residents and customers that they can expect a safe and healthy environment to shop, order, or engage with others. The name of the business will also be listed on the County website.

For documents and a list of businesses certified COVID-19 compliant, visit: <https://www.yolocounty.org/Coronavirus-Business-Toolkit>.

Application

By completing this form, businesses will be emailed a 'certificate of compliance' that includes an endorsement from Yolo County that the business is following practices, including the attached "Green Check Program COVID-19 Protocols", to help lower the risk of COVID-19 for staff and customers, in accordance with Yolo County, the State of California and the Centers for Disease Control and Prevention.

A first verified complaint from the public that the business is not following these practices will result in a warning. A second verified complaint and/or an administrative citation will result in revocation of the endorsement and the certificate.

Thank you for partnering with Yolo County to protect the health and welfare of our residents!

Business Name: _____

Address: _____

Zip Code: _____

Contact Name: _____

Phone Number: _____

Email: _____

By signing below, the business operator agrees that the business is following and will continue to follow the Yolo County and State of California COVID-19 guidelines, including the "Green Check Program COVID -19 Protocols". [Click here for Protocols](#) The operator also agrees that if their participation in the Green Check Program is revoked, that they will remove the certificate from public view and, if they fail to do so, will permit County staff to remove it.
