Road/Lane Closures Due to Pavement Preservation Projects

(Woodland, CA) - Due to the 2020 Pavement Preservation Project to rehabilitate and improve existing road surfaces, the following County Roads (CR) will be under construction:

Closed to through-traffic:

- CR 99 from CR 27 to CR 25A from September 8-18
- CR 99 from CR 31 to CR 29 from September 14-25

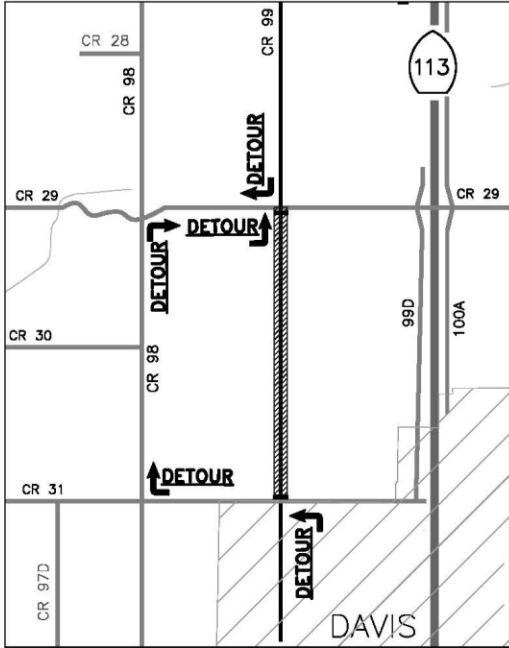

Lane closures but open to traffic:

- CR 22 from CR 118 (I-5) to 4.5 miles south from August 31-end of November
- CR 102 from CR 27 to CR 25A from August 31-end of November

Travelers may experience delays in these locations. Detour signs will direct motorists to alternate routes. Access to properties and businesses along the closed section of the road will be provided at all times. Over the next two and half months this project will provide a rehabilitated road surface for approximately 14 miles of County Roads. Construction costs are approximately \$2,700,000 and will be funded with gas taxes distributed from state through the "SB1" Road Maintenance and Rehabilitation Account. The low bid contractor is All-American Construction, Inc. from Live Oak, California.
