Participants must be residents of Yolo County and will need to bring a document displaying their name and address, such as a driver's license, ID card, utility bill, or piece of mail. All ages are accepted. Registration is recommended in order to speed up the process but is not required and does not guarantee a test. When residents register online, they will not be able to select a time slot and will not receive a confirmation of receipt. Register at: <https://www.avellinocoronatest.com/patient>.

These sites will test if residents currently have COVID-19, not antibodies. Residents must wear a face covering and practice social distancing. These are not drive-thru testing sites, so residents will need to park their car and walk a short distance to the testing building. Spanish translation will be available at most, if not all, of the sites.

Test results typically come back within a week of receipt from the lab. There may be some delays in getting testing results.

In addition to the testing sites provided by the County, the State of California's OptumServe site will also be open at the Davis Senior Center, located at 646 A Street in Davis. Testing at this site is open to all California residents, regardless of documentation status, and is by appointment only Tuesdays – Saturdays from 7:00 a.m. to 7:00 p.m. until September 30. Appointment slots are available by week and open the Thursday before. All ages are welcome. If residents do not have health insurance, the cost of the test will be covered by the state. If residents have health insurance, their provider will be billed with no out of pocket cost to the resident. To schedule an appointment, call: (888) 634-1123 or go online at: <https://lhi.care/covidtesting>.
