SUBJECT: **Receive and File Fourth Quarter Unaudited Financial Report for the Period Ending June 30, 2008**

### RECOMMENDED ACTION:

1. Receive and file the quarterly unaudited financial report for period ending June 30, 2008.

### BACKGROUND/DISCUSSION:

Attachments A thru C summarize the detailed financial statements that are included as Attachment E. Following are some notes to each of the summary attachments:

- Attachment A – Balance Sheet Summary
  - The Balance Sheet shows a current year operating loss of (\$142,270) but this includes non-cash depreciation expenses of \$1,008,540 and prior period adjustments of \$207,000 primarily related to Migrant OMS liability. Adjusted cash net income is \$1,135,687 most of which is program restricted.
- Attachment B – Accounts Receivable Summary
  - The aging report from our accounting system includes only tenant accounts receivable. Approximately \$6,000 of the >90 day balance has since been written off after the board approved the write off at the August 7 meeting and have been submitted for collection. Over \$10,000 of the balance is due to a fraud adjustment to a single tenant's rent. A repayment agreement is in place but this balance remains in the A/R system.
- Attachment C – Income Statement Summary
  - The income statement summary excludes all prior period adjustments and depreciation expense except for Davis Solar.

Following is an analysis on a program by program basis:

**Low Income Public Housing:** All three AMPS show positive results for the year ended June 30. Units leased are at 98.99% of available units for the year and rents are running as budgeted. Other Income is exceeding budget. Revenue shortfalls are primarily due to delays in processing of Capital Fund Program reimbursement requests<sup>1</sup>.

HUD recently announced that the 2008 Operating Fund Subsidy final allocation will be at 88.96% rather than the 82% they had previously estimated. The additional allocation along with the recalculation based on SAGIS submitted resulted in West Sacramento's positive year end. AMP gains are restricted to program use.

**HCV program:** The administration revenue and expenditures show a positive balance of \$44,853 YTD while HAP subsidies exceeded payments to landlords by \$395,820. We currently have 1,258 units under lease. Our ACC authority is for a maximum of 1,487, but our budget authority based on our current average voucher will support only 1,240. Our \$1.1 million restricted cash reserve currently allows us to lease closer to our ACC authority. We are currently 101.5% leased up compared to our budget authority. We distributed 96% of the funding received during the year. Excess funding is restricted for program use.

**Central Office Cost Center:** COCC is showing a positive balance of \$116,196 for the year; however it needs to be adjusted by ~\$46,000 for debt repayment on the primary note payable on the Administration Building and \$54,000 for debt repayment on the secondary note payable. The second note required a \$160,000 principle payment in January that was 60% covered by the sale proceeds from the Kentucky sale. Net cash flow for the COCC is ~\$16,000. Revenue shortfall to budget is again related to the CFP. The budgeted Capital Fund income includes \$150,000 for debt service for the administration building however the CFFP process is still in progress. Salary and benefit expenses exceed budget because the transfer from Capital Fund to pay a portion of the salaries is recorded as CFP 1410 revenue. Actual Salary and Benefit less Capital Fund reimbursement is under budget by \$15,000.

**New Hope:** Cottonwood finished the year with a surplus of \$42,135; however this does not include debt repayment. Debt repayment was \$46,295 for the year and net cash flow is (\$4,160). Cottonwood revenue finished the year on budget and expenditures are 9% under budget.

**Davis Solar Housing:** Davis Solar finished the year at (\$7,196); however this is the one case where depreciation is included in the expenses recorded. Removing the non-cash depreciation brings the program to a positive cash flow of \$307. Revenue is slightly under budget due to four vacant unit months during the year. Expenses slightly exceed budget.

<sup>1</sup>Delays are primarily due to heightened oversight requirements by HUD as part of the Agency's MOA workout.

**Migrant Programs:** The Office of Migrant Services (OMS) reimburses the Agency for all allowable expenses up to the contract limits. This year OMS allowed us to bill the entire contract amount even though we did not spend all of the funds available. This “reserve” is for use during the current year with prior approval from OMS. We also bill OMS for a required payment to the “Reserves” account for Davis Migrant. The program surpluses are restricted.

**Capital Program – FY 2007:** Annually we receive a grant from the federal government for our capital program. For FY 2007-2008, our award is for \$1,022,392 and for 2008-2009 is \$1,000,964. Approximately 25% of the grant is used to pay Low Income Public Housing operational and management costs. Another 9.5% has been allocated to pay for specific COCC administrative expenses. The balance is used for capital improvements and equipment purchases for the AMPS. Upon approval of the CFFP that is in process, approximately \$200,000 of these funds will annually be diverted for debt service.

**FISCAL IMPACT:**

The results of the financial operations for the period ending June 30, 2008 show a large restricted cash surplus.
