Webinar ID: 948 1672 9838

Executive Order N-29-20 authorizes local legislative bodies to hold public meetings via teleconference and to make public meetings accessible telephonically or otherwise electronically to all members of the public. Members of the public are encouraged to observe and participate in the teleconference.

If you are joining the meeting via Zoom and wish to make a comment on an item, press the "raise a hand" button. If you are joining the meeting by phone, press *9 to indicate a desire to make comment. The Chair will call you by name or phone number when it is your turn to comment. Speakers will be limited to 3 minutes (subject to change).

CCP Mission

The mission of the Yolo County Community Corrections Partnership (CCP) is to protect the public by holding offenders accountable and providing opportunities that support victim and community restoration, offender rehabilitation and successful reintegration.

CCP Goals

Goal 1: Ensure a safe environment for all residents and visitors by reducing and preventing local crime and reducing recidivism

Goal 2: Restore victims and the community and hold offenders accountable

Goal 3: Build offender competency and support community reintegration

- 1) Call to Order (Fruchtenicht)
- 2) **CCP Action Item:** Consider approval of agenda (Fruchtenicht)
- 3) **CCP Action Item:** Consider approval of January 11, 2021 meeting minutes (Fruchtenicht) (Attachment A)
- 4) Public Comment: Opportunity for members of the public to address the CCP on subjects relating to CCP business and not otherwise on the agenda. Speakers will be limited to 3 minutes (subject to change).
- 5) Member Announcements
- 6) Receive update on the RFP for Neighborhood Supports process (Will)
- 7) Receive presentation on CCP 2021-22 budget and provide feedback (Haynes/Will) (Attachment B)
- 8) Adjournment (Fruchtenicht)

Next Meeting: April 12, 2021

Notice

This agenda was posted in accordance with the Brown Act. If requested, it can be made available in appropriate alternative formats to persons with a disability, as required by Section 202 of the American with Disabilities Act of 1990 and the Federal Rules and Regulations adopted implementation thereof. Persons seeking an alternative format, or who require a modification or accommodation, including auxiliary aids or services in order to participate in the meeting should contact the CCP Analyst as soon as possible (preferably at least 24 hours prior to the meeting) at (530) 666-8150 or Eric.Will@YoloCounty.org or:

MINUTES
Community Corrections Partnership

Monday, January 11, 2021

The Community Corrections Partnership met on the 11th day of January 2021, via teleconference at 1:30 p.m. pursuant to the Governor's Executive Order N-29-20 (March 17, 2020), available at the following [link](#).

CCP Executive

Members Present: Chief Probation Officer Dan Fruchtenicht, Undersheriff Dale Johnson, Deputy District Attorney Jonathan Raven, Public Defender Tracie Olson, HHSA Director Karen Larsen, Winters Police Chief John Miller, and Rocio Vega, representing the Courts

Full CCP Board

Members Present: Chief Probation Officer Dan Fruchtenicht, Rocio Vega, representing the Courts, Supervisor Jim Provenza, Deputy District Attorney Jonathan Raven, Public Defender Tracie Olson, Undersheriff Dale Johnson, Winters Police Chief John Miller, HHSA Director Karen Larsen, HHSA Ian Evans, Superintendent of Schools Garth Lewis, CBO Rep Marc Nigel, and individual representing interests of victims Laura Valdes

Staff Present: Phil Pogledich, Eric Will, Patrick Blacklock and Clerk Julie Dachtler

1. Call to Order (Fruchtenicht)

Roll call of the Full CCP Board was conducted by the Clerk.

2. **CCP Action Item:** Consider approval of agenda (Fruchtenicht)

Minute Order No. 21-01: Approved agenda as submitted.

MOVED BY: Tracie Olson / SECONDED BY: Dale Johnson

AYES: Evans, Fruchtenicht, Johnson, Larsen, Miller, Nigel, Olson, Raven, Valdes.

NOES: None.

ABSTAIN: Vega.

ABSENT: Lewis, Provenza.

3. **CCP Action Item:** Consider approval of meeting minutes (Fruchtenicht)

A. August 10, 2020 (Attachment A)

B. September 3, 2020 (Attachment B)

C. October 12, 2020 (Attachment C)

Minute Order No. 21-02: Approved minutes of August 10, 2020, September 3, 2020 and October 12, 2020 as submitted.

MOVED BY: Jonathan Raven / SECONDED BY: Dale Johnson

AYES: Evans, Fruchtenicht, Johnson, Larsen, Miller, Raven, Valdes.

NOES: None.

ABSTAIN: Lewis, Nigel, Olson, Provenza, Vega.

ABSENT: None.

4. Public Comment – Opportunity for members of the public to address the CCP on subjects relating to CCP business and not otherwise on the agenda.

There was no public comment.

5. Member Announcements

There were no member announcements.

6. **CCP Action Item:** Consider revised Yolo CCP Bylaws (Pogledich) (Attachment D)

Minute Order 21-03: Approved the revised Yolo CCP Bylaws with the following three amendments:

- Page 2, the asterisk under M, strike the word “otherwise” so the sentence reads, “If the Board of Supervisors directs (by ordinance ~~or otherwise~~) that these positions should be held separately.....”
- Page 4, Section E: Action Items: reverse the sentence immediately before the two bullets to read as follows: “Accordingly, the full membership of the CCP shall have authority to vote on items presented for action with the exception of the following plan-related matters that are within the exclusive purview of the Executive Committee:”
- Page 4, 2nd bullet under Section E: Action Items: strike the word ‘specific’ so the sentence reads, “Any ~~specific~~ budget or other recommendations provided to the Board of Supervisors regarding plan implementation.”

MOVED BY: Tracie Olson / SECONDED BY: Karen Larsen
AYES: Evans, Fruchtenicht, Johnson, Larsen, Lewis, Miller, Nigel, Olson, Provenza, Raven, Valdes, Vega.
NOES: None.
ABSTAIN: None.
ABSENT: None.

7. Receive report out from CCP Budget Ad Hoc (Will)

A. **CCP Action Item:** Modify the 2021 CCP meeting schedule to add a meeting at 2:00 pm on March 15, 2021 to discuss the CCP Budget

Minute Order 21-04: Received report out from CCP Budget Ad Hoc and approved modifying the 2021 CCP meeting schedule to add a meeting at 2:00 pm on March 15, 2021 to discuss the CCP Budget.

MOVED BY: John Miller / SECONDED BY: Tracie Olson
AYES: Evans, Fruchtenicht, Johnson, Larsen, Lewis, Miller, Nigel, Olson, Provenza, Raven, Valdes, Vega.
NOES: None.
ABSTAIN: None.
ABSENT: None.

8. Receive AB 109 10-year Report update (Will (Attachment E)

Eric Will provided an update on the AB 109 10-year report. Discussion was held among members on what to include under the 10-year report. Eric noted he will re-work the report with suggestions made and will bring back an updated report in April.

9. Provide input on Neighborhood Support Programs RFP (Will) (Attachment F)

Minute Order 21-05: After discussion of the Neighborhood Support Programs RFP, motion was made to approve the formation of a Community Supports RFP (Request for Proposals) Ad Hoc with five members for the scoring of the RFPs and for the authority to make a decision and award funds on behalf of the CCP, with the understanding they would return to the CCP with updates on the process and for any input as the process moves forward.

MOVED BY: Tracie Olson / SECONDED BY: John Miller

AYES: Evans, Fruchtenicht, Johnson, Larsen, Lewis, Miller, Nigel, Olson, Provenza, Raven, Valdes, Vega.

NOES: None.

ABSTAIN: None.

ABSENT: None.

Minute Order 21-06: Approved the nomination of the following five members to the Community Supports RFP Ad Hoc:

- John Miller
- Laura Valdes
- Ian Evans
- Dan Fruchtenicht
- Garth Lewis

MOVED BY: Dale Johnson / SECONDED BY: Jonathan Raven

AYES: Evans, Fruchtenicht, Johnson, Larsen, Lewis, Miller, Nigel, Olson, Provenza, Raven, Valdes, Vega.

NOES: None.

ABSTAIN: None.

ABSENT: None.

10. Adjournment (Fruchtenicht)

MOVED BY: Larsen / SECONDED BY: Provenza
No vote was taken.

Next meeting are scheduled as follows:

- Monday, March 15, 2021 (CCP Budget)
- Monday, April 12, 2021

Minutes prepared by: Julie Dachtler, Senior Deputy Clerk, Board of Supervisors

CCP Budget Update – March 15, 2021

Public Defender

2020-2021 CCP Allocation: \$143,457

CCP-Funded Programs:

- Adult Social Worker Program (\$111,896 of allocation); funds 84% of one social worker, or 42% of the entire program
- Administrative Support Program (\$31,561 of allocation); funds 30% of one legal secretary position, or approximately 5% of the administrative support of the entire office

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan:

Adult Social Worker Program

The purposes of the adult social worker program are to assist clients to achieve case goals and live successfully in the community. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
- CCP Goal 3 – Building Offender Competency and Supporting Community Reintegration
 - Objective 3d, 3e

Administrative Support Program

The purposes of the administrative support program are to increase attorney preparedness and deliver quality customer service. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 2 – Holding Offenders Accountable
 - Objective 2c

Data/Metrics/Outcomes:

Adult Social Worker Program

- January to June: 2019, 61 new referrals vs. 2020, 41 new referrals
- July to December: 2019, 63 new referrals vs. 2020, 50 new referrals

Administrative Support Program

- In calendar year 2020, approximately 138 realigned cases were processed, and an additional 795 individuals were enrolled in the early court reminder system

CCP Budget Update – March 15, 2021

District Attorney

2020-2021 CCP Allocation: \$427,093

CCP-Funded Programs:

- The Victim Services (\$87,734 of allocation); funds 100% of one victim services advocate
- Mental Health & Addiction Intervention Courts, Neighborhood Court, Steps-to-Success (\$339,359 of allocation); funds 100% of one supervising deputy district attorney, 49.6% of one program coordinator (NHC/S2S)

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan:

According to the District Attorney's Office, all programs are consistent with the following CCP Goals:

- CCP Goal 1 – Reducing and Preventing Recidivism
- CCP Goal 2 – Restore Victims and the Community and Hold Offenders Accountable
- CCP Goal 3 – Building Offender Competency and Supporting Community Reintegration

The Victim Services Program

The purpose of the victim services program is to provide support and services to crime victims that are not covered by other funding sources and to cases at stages of the criminal justice system not covered by other advocate positions.

Neighborhood Court (NHC)

The purpose of NHC is to provide an alternative to the traditional judicial system for hundreds of participants each year.

Mental Health & Addiction Intervention Courts (MHC/AIC)

The purpose of MHC/AIC are to increase the treatment engagement of the participants, while reducing both arrests, hospitalizations (for MHC), and jail time both during and after their involvement and participation in the program.

Steps-to-Success (S2S)

The purpose of S2S is to provide a voluntary diversion program that uses restorative justice and trauma-informed care principles and practices to provide treatment and wraparound services.

Data/Metrics/Outcomes:

The Victim Services Program

From 2014-2020:

- 2,635 new criminal cases have been assigned to this position.
- 435 victim cases have been referred to victim services and have been afforded the opportunity at a restorative justice resolution.
- 2,200 AB109 cases have been assigned to date and would not have received services but for the AB109 position.
- 532 DRC clients have attended the Victim Awareness class.

From 2014-2019:

- There were 307 inmate release cases handled. In 2020 alone, including expedited and emergency releases due to COVID -19, 208 CDCR inmate releases were handed by the AB109 advocate and team.

Neighborhood Court (NHC)

- Participants who completed the program were 37% less likely to reoffend than similarly situated individuals. On average over 90% of participants complete the program.

Mental Health & Addiction Intervention Courts (MHC/AIC)

For Fiscal Year 2019-2020

- When comparing the 12 months prior to participants starting MHC to the 12 months after MHC, there was a 69% decrease in arrests, a 48% decrease in jail bed days, a 100% decrease in local hospital bed days, and a 100% decrease in state hospital bed days

Steps-to-Success (S2S)

From June 2018 to March 2019:

- 48 participants received intensive case management and wraparound support
- 5 participants completed facilitated restorative justice conferences
- 42 participants received legal services to address non-criminal barriers to housing, employment and public benefits
- 43 participants received housing support services, with 24 placed in temporary housing and 8 placed in permanent housing

CCP Budget Update – March 15, 2021

Health and Human Services Agency

2020-2021 CCP Allocation: \$540,362

CCP-Funded Programs:

- Substance Use Program (\$104,525.94 of allocation has been utilized thus far)(total allocation for Treatment is \$540,362)*

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan:

Substance Use Program

The purpose of the substance abuse program is to decrease incidences of substance abuse, reduce incarceration, and improve the quality of life for beneficiaries. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1a

Data/Metrics/Outcomes:

Substance Use Program

- Please see HHS Report Attachment

*The \$540,362 is the total CCP treatment set aside in the CCP budget but only \$415,000 is in the Probation/HHS MOU for the substance use program. \$104,525.94 is what has been claimed in FY 20/21 thus far towards that \$415,000.

CCP Budget Update – March 15, 2021

Sheriff's Office

2020-2021 CCP Allocation: \$3,206,401

CCP-Funded Programs:

- Jail Beds (\$2,138,161 of allocation)
- Electronic Monitoring (\$1,068,241 of allocation)

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan:

Provision of jail beds and electronic monitoring is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1a, 1e

Jail Beds

AB109-specific jail beds provide capacity to meet the demands imposed by AB109 on Yolo County. This work is aligned with the following CCP Goals and Objectives:

Electronic Monitoring (EM)

The purpose of EM is to reduce the number of incarcerated individuals in Yolo County jails and maintain the self-sufficiency of individuals in the community. This work is aligned with the following CCP Goals and Objectives:

Data/Metrics/Outcomes:Jail Beds

	Total Number of Inmates	Total number of days In-Custody
2014	767	79,198
2015	680	54,138
2016	641	48,843

CCP Budget Update – March 15, 2021

Probation Department

2020-2021 CCP Allocation: \$3,728,815

CCP-Funded Programs:

- Community Corrections Case Management (\$2,755,505 of allocation); funds 66% of one program manager, 2 FTE Supervising Deputy Probation Officers, 11 FTE Deputy Probation Officers, 100% of one Probation Aide, 2 FTE Legal Secretaries, and 100% of one Administrative Clerk
- Pretrial Supervision Services (\$972,680 of allocation); funds 100% of one Supervising Probation Officer, 4 FTE Deputy Probation Officers, and 100% of one Legal Secretary
- IGT House Contract (\$35,000 of allocation)
- Neighborhood Support Program (\$80,000 of allocation)
- Parenting Program (\$5,000 of allocation)
- Clinician for SO and Probation (\$60,000 of allocation)

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan:

Community Corrections Case Management

The purpose of community corrections case management is to comply with evidence-based principles of effective caseload supervision ratios, adopted use of risk assessments and needs responsiveness into case planning of clients, and incorporate sanctions and incentives to effect behavior change in the local supervisions of Felony Probationers, PRCS clients, and 1170 clients. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1a, 1e
- CCP Goal 2 – Restore Victims and the Community and Hold Offenders Accountable
 - Objective 2b, 2c
- CCP Goal 3 – Building Offender Competency and Supporting Community Reintegration
 - Objective 3b, 3f

Pretrial Supervision Services

The purposes of pretrial supervision services is to significantly reduce criminal activity of individuals released from jail pending court proceedings and ensure their appearances in court. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1d
- CCP Goal 2 – Restore Victims and the Community and Hold Offenders Accountable
 - Objective 2c

IGT House

The purposes of the IGT House contract is to partner with Yolo County Housing to manage the IGT House. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 3 – Building Offender Competency and Supporting Community Reintegration
 - Objective 3c

Neighborhood Support Program: Contract

The purpose of the Neighborhood Support Program contract is to RFP for programs that would seek to prevent entry into the criminal justice system and reduce recidivism. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1e

Parenting Program

The purpose of the Parenting Program is to re-establish a parenting program with Probation-supervised classes. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1e

Clinician for SO and Probation

The purpose of the Clinician for SO and Probation is to incorporate outcome-driven decision making and help drive evidence-based practices. This work is aligned with the following CCP Goals and Objectives:

- CCP Goal 1 – Reducing and Preventing Recidivism
 - Objective 1d

Data/Metrics/Outcomes:

Community Corrections Case Management/Pretrial Supervision Services

New Grants of Supervision (Statistics for FY 20/21 as of Feb. 12, 2021)			
<u>Population</u>	<u>FY 19/20</u>	<u>FY 20/21</u>	<u>Active Population on Jan. 1 2021</u>
Felony Probation	197	63	895*
1170 Man Sup	83	17	132
PRCS	102	72	164
Formal Misdo. Probation	27	7	169*
Pretrial Supervision	475	166	179

* AB 1950 will result in reductions

Pretrial Supervision Impacts from Covid-19

Total days on SOR calendar year 2019: **36,605 days**
calendar year 2020: **46,512 days**

Total days on SOR

Average time on SOR calendar year 2019: **92 days/client**
calendar year 2020: **128 days/client**

Average time on SOR

When comparing the calendar years of 2019 and 2020, Pretrial Supervision has seen a full one third increase in average length of stay of clients ordered on year-over-year.

IGT House

IGT Housing Statistics (Statistics for FY 20/21 as of Feb. 12, 2021)		
	FY 19/20	FY 20/21
Individuals Housed during the FY	8	8
# Who successfully transitioned	6	0
Unsuccessful Exits	1 (relapse, with bed being held pending treatment completions)	4 (1 drug relapse, 3 not following house rules)
Average Length of Stay (at exit)	349 Days	62 days
Total T-House days provided	2338 days of housing	1296 days of housing

Fax.: (530) 666-8405

CCP Budget Data Request Response from the Yolo County Public Defender's Office 2020-2021 CCP Allocation = \$143,457 (1.59% of total county allocation) February 12, 2021

CCP Funded Programs

Adult Social Worker Program: The office's adult social worker program consists of two social workers. The CCP allocation of \$111,896 funds 84% of one social worker, or 42% of the entire program.

Administrative Support Program: The office's administrative support program consists of six persons, mostly legal secretaries. The CCP allocation of \$31,561 funds 30% of one legal secretary position, or approximately 5% of the administrative support of the entire office.

Program Purpose and Alignment with CCP 2019-2022 Strategic Plan

Adult Social Worker Program: The purposes of the adult social worker program are to assist clients to achieve case goals and live successfully in the community. This work is aligned with CPP Goal 1, reducing and preventing recidivism, as well as Goal 3, building offender competency and supporting community reintegration. Further, the adult social worker program assists the CCP to achieve Objective 3d, safely reducing the number of people with mental illness in the jail system, and Objective 3e, increasing the percentage of the offender population who are registered to vote.

Administrative Support Program: The purposes of the administrative support program are to increase attorney preparedness and deliver quality customer service. The CCP funded portion of the administrative support program processes the paperwork associated with the AB 109 realigned cases, to include parole, post-release-community-supervision, and mandatory supervision revocation matters. Furthermore, this position processes the citations received from law enforcement in advance of first court appearance dates to enroll individuals facing misdemeanor charges in the office's text court reminder system to avoid failures to appear. This work is aligned with CCP Goal 2, holding offenders accountable, and Objective 2c, reducing failures to appear in court.

Data/Metrics/Outcomes

Adult Social Worker Program: Data for the adult social worker program is attached. One report covers the first six months of fiscal year 2020-2021. The second report covers the first six months of

calendar year 2020. Please note that during the first six months of calendar year 2020, an estimated 0.40 FTE of this program was re-diverted to assist in the county's disaster service response related to COVID-19. Additionally, new referrals to the program decreased in 2020 as compared to 2019, likely caused by the county's temporary re-deployment of this program's staff and pandemic-related court slowdowns.

January to June: 2019, 61 new referrals vs. 2020, 41 new referrals (32% reduction)
July to December: 2019, 63 new referrals vs. 2020, 50 new referrals (20% reduction)

Also attached is the Voter Education & Empowerment Inreach Program proposed by this program during the last election cycle. Although not implemented as originally envisioned, this template remains available for future elections.

Administrative Support Program: In calendar year 2020, approximately 138 realigned cases were processed and an additional 795 individuals were enrolled in the early court reminder system.

Thank you,
Tracie Olson

VOTER EDUCATION & EMPOWERMENT INREACH PROGRAM

<p>PROBLEM STATEMENT</p>	<p>Even though most people in county jail are eligible to vote, they experience obstacles and/or confusion in regards to how to get registered to vote or how to receiving their mail-in-ballot. As a result, many eligible voters are kept out of the voting process. This is known as “de-facto disenfranchisement”, meaning eligible voters are denied the right to cast a ballot because of complicated practices and procedures.</p>
<p>PROPOSED SOLUTION</p>	<p>In partnership with the Yolo County Elections Office and the Yolo County Sheriff's Office, the Public Defender's Office is proposing the creation of a formalized ‘train-the-trainer’ voter education and empowerment program which creates a clear path for in-custody voters to register to vote and cast mail-in ballots.</p>
<p>PROGRAM GOALS</p>	<ol style="list-style-type: none"> 1. Increase individual's knowledge of voting rights and voting eligibility. 2. Create a clear, streamlined process for eligible in-custody individuals to be able to register to vote by mail and cast a mail-in ballot. 3. Increase civic involvement within the jail population by increasing the voter turnout of in-custody individuals.
<p>PROPOSED PROGRAM STRUCTURE</p>	<ol style="list-style-type: none"> I. The Public Defender's Office in conjunction with Yolo County Sheriff's Office will identify and select in-custody individuals to act as “voting liaisons”. <ol style="list-style-type: none"> a. Voting Liaisons should be in-custody individuals who has enough privilege to have time out of their cell to access/contact most other in-custody individuals in the housing unit. <ol style="list-style-type: none"> i. Sheriff's Office may choose in-custody individuals who are already designated workers in their housing pods, as these individuals have demonstrated good behavior & ability to follow directions from staff. These in-custody workers usually also have more time out of their cells and thus have more access to other in-custody individuals in their housing unit, which is useful for this project. ii. If the proposed ‘uplift’ of the voting liaison's work responsibility is too much for an in-custody individual who already has other work responsibilities on the housing unit, an in-custody individual next on the housing unit “worker” list may be selected. iii. Public Defender's Office will vet the list to determine how long proposed Voting Liaisons will remain in-custody. There will be care with choosing individuals who are likely to remain in-custody past

the November election date. The hope is to just do 1 round of training and have all Voting Liaisons participate in the program from September – November, with as little turnover as possible due to early release.

- b. There should be Voting Liaison per housing unit/classification, for a total of 4-5 Voting Liaisons within the jail.
 - i. 1 – B1 General Population
 - ii. 1 – B2 General Population
 - iii. 1 – A1 Protective Custody
 - iv. 1 – A1 Drop-Out
 - v. 1 – Leinberger Male Housing (if open at the time of elections)
 - 1. In the first year of this program, it may not be possible to offer in-reach to in-custody individuals housed in A2Ad-S or classified as Ad-Seg or Socialization.
 - 2. If the program is successful in 2020, the program could expand to serve these populations in the future.
- II. The Elections Office will train the Public Defender’s Office, Probation Office, and Sheriff’s Office (if wanting to participate) to become voter registration trainers.
- a. This train-the-trainer model was chosen for a variety of reasons:
 - i. It is a best-practice which involves participation and input from the very impacted individuals whom the program aims to reach and serve.
 - ii. It allows people in-custody to become their own advocates by being provided with the necessary tools to educate other in-custody individuals on voting rights.
 - iii. It requires minimal physical contact without agencies, thus reducing spread of COVID-19.
- III. The Public Defender’s will meet with each Voting Liaison individually via Zoom or through the glass in jail visitation rooms for training.
- a. The Sheriff’s Office and/or Probation are also welcome to take part in these trainings, if they so choose.
 - b. Training will include information on:
 - i. Who is and who is not eligible to vote
 - ii. What Voter Liaisons can and cannot tell voters
 - iii. How to properly fill out a voter registration form
 - iv. How a Voter Liaison can and cannot assist voters with their paperwork
 - v. What address voters should put on their voter registration form
 - c. Upon completion of training, Voting Liaisons will be required to pass a test to make sure they are equipped for this responsibility.
 - d. Upon passing the test, Voting Liaisons will be provided with the necessary tools to complete their work:
 - i. Voting Registration Forms
 - ii. ‘How to Re-Register If Released Before Elections’ informational sheet
 - iii. Extra Golf Pencils (w/ Sheriff’s Office Approval – Elections Office has approved voter registration forms can be filled out in pencil)
 - iv. Voter Guides (with staples removed)

- IV. The Public Defender’s Office will check-in on a regular basis with the Voting Liaisons to answer questions and address challenges.
 - a. The Public Defender’s Office will also check-in regularly with the Jail Treatment Coordinator to ensure the program is going smoothly.
- V. The Public Defender’s Office will work in conjunction with the Jail’s Treatment Coordinator to submit voter registration forms.
 - a. Voting Liaisons will turn in completed voter registration forms by Friday, Oct 23rd to the Jail Treatment Coordinator.
 - b. These will be picked up by the Public Defender’s Office and counted for statistical purposes.
 - c. Voter registration forms from the jail will be turned into the Elections Office by end of day Mon, Oct 26th.
- VI. Voter Liaisons will follow-up with in-custody voters to see if they receive their vote by mail ballot and encourage follow through with voting.
 - a. In-custody voters can request help from the Voter Liaison to fill out their ballot.
 - b. In-Custody voters can turn their ballot into the housing unit officer to be mailed.
 - c. Voter Liaisons should remind in-custody voters that all mail-in ballots should be mailed by Sunday, Nov 1st to ensure they are post-marked by election day.

OFFICE OF THE
DISTRICT ATTORNEY

COUNTY OF YOLO

JEFF W. REISIG
DISTRICT ATTORNEY

JONATHAN RAVEN
CHIEF DEPUTY DISTRICT ATTORNEY

JOHN EHRK
CHIEF INVESTIGATOR

NIKKI ABAURREA
CHIEF FISCAL ADMINISTRATIVE OFFICER

Yolo County District Attorney CCP Funding

The Yolo County District Attorney receives \$427,093 in funding from the CCP. This funding supports the following programs:

- (1) The Victim Services (VS)
- (2) Mental Health & Addiction Intervention Courts (MHC/AIC)
- (3) Steps-to-Success (S2S)
- (4) Neighborhood Court (NHC)

Each of these programs is consistent with the full Mission of the CCP and **every Goal** of the CCP.

Specifically, the CCP funds the following DA staff:

1. Supervising DDA Christopher Bulkeley* - 100% (\$273,336). He supervises the MHC/AIC, S2S, and NHC programs. He works directly on many of these cases.
2. Victim Services Advocate Heather Blair – 100% (\$87,734). She is assigned all AB 109 cases, works with the victims on the Restorative Justice and teaches classes to offenders at the Day Reporting Center.
3. NHC/S2S Manager Nicole Kirklady – 49.6% (\$66,023). She runs the day-to-day operations of NHC and S2S.

*Mr. Bulkeley works at least 60 hours per week on these programs, if not more. His supervisor is constantly telling him to take time off. Mr. Bulkeley's role in NHC, AIC/MHC and S2S includes: drafting grants, reviewing a majority of the cases to determine from a legal standpoint whether the offender is suitable for a referral, attending court on these cases, overseeing the Incompetent to Stand Trial individuals (which has been very time consuming as a result of the Department of State Hospitals failure to transport these individuals and the litigation that has resulted from this), assisting with administering the grants, and managing staff in S2S and NHC. Additionally, for NHC, he attends many of the restorative justice conferences (for quality control) and trainings.

Neighborhood Court (NHC)

Neighborhood Court, established in 2013, continues as one of the District Attorney’s benchmark innovative programs. NHC provides an alternative to the traditional judicial system for hundreds of participants per year, with over 2030 conferences held and 1750 successful completions to date. Were it not for NHC, these participants would suffer the long-lasting negative effects of a criminal conviction. Since its inception, NHC has expanded far beyond the pilot stage, and now regularly diverts felony-level offenses. **The goal set in the current JAG grant is to divert 5% of filed felonies in 2020 and 10% of filed felonies by 2022.** The current JAG grant started in October 2019. During the federal grant year 2019/20 (Oct – Sept), 57 felony and 540 misdemeanor referrals were made to NHC. To date, during the 2020/21 year, 44 felony cases and 183 misdemeanor cases have been referred to NHC.

Eligibility determinations for NHC are made using criminal history criteria which do not take race, gender, or other protected factors into consideration, and instead provide an unbiased opportunity for diversion to all. Utilizing the principles of restorative justice, NHC ensures participants are held accountable for their actions through non-punitive means which promote changes in behavior.

NHC uses a unique community-centered model which employs volunteers from the citizenry as panelists and facilitators to hear and resolve criminal cases in their local jurisdictions. While the program began in Davis, NHC currently operates in Woodland and West Sacramento as well, and has seen average caseloads shift over time. Crime types include alcohol related crimes, property crimes, and violent crimes.

Breakdodwn of cases referred by the 3 participating cities in Yolo County

Crime Types in NHC

NHC’s volunteer-based case processing model posed unique challenges during the onset of the **COVID-19 pandemic**. The program has worked hard to remain operational, while making appropriate adjustments to protect the health and safety of all involved. **All conferences are now held virtually using Zoom videoconferencing.** Primary contact with participants and volunteers is accomplished by digital methods such as phone and email. Trainings, meetings, outreach, and other engagements are held via Zoom or other virtual platforms. This increased communication with training partners and program volunteers has ensured continued adherence to the ideals of restorative justice. NHC staff have accomplished this significant pivot by adapting and making quick adjustments to operations.

As the program has evolved to handle increasingly serious offenses, internal staffing needs and responsibilities have also grown. While volunteers are integral to NHC operations and the program model, the program could not operate without the dedicated staff members who work to maintain and grow the program.

Staff must track and manage updates for the courts, engage defense attorneys and participants, coordinate various social services for participants, track and support agreement completion, prepare materials for conferences and events, recruit, onboard and support volunteers, and coordinate community outreach and engagement opportunities.

The majority of NHC staffing and funding needs are covered by grant funding. NHC was recently awarded a 3-year Justice Assistance Grant which provides monies for equipment, professional services, consultants, contracts, volunteer training, and salaries & benefits for 8 paid staff positions, 6 of which are currently filled (2 are in the interview phase). The program is overseen by a Supervising Deputy District Attorney (funded through the Community Corrections Partnership), while day-to-day operations and grant reporting are managed by the Program Coordinator. Yolo Conflict Resolution Center provide this training (grant funded) to our volunteers. We are required, through the grant, and we must set aside grant funds, to have an “Local Independent Evaluation” (LEP) by a professor at a local university.

Outcome measures are part of the Independent Local Evaluation. Data is reported to the grant-funded Local Evaluating Partner, who tracks and reports on overall program efficacy and delivery on program goals and objectives. This built in accountability aligns with the DA’s high regard for innovation with measurable results and the office’s overall commitment to transparency. The program has seen promising outcomes including reduced recidivism and high rates of completion of the program. **Participants who completed the program were 37% less likely to reoffend than similarly situated individuals. On average over 90% of participants complete the program.** The data also allows us to track participants in the program by race/ethnicity as shown in the pie chart below.

Note, initially we received a 3-year BJA grant. After that grant expired, no RFA was issued for over a year due to ongoing issues with the administration in Washington, DC. Subsequently, we received a second 3-year grant. The LEP was completed for the last grant cycle but at this time we don’t have Outcome Measures for 2020-21.

NHC % of participants by ethnicity for the life of the program

Victim Services

Victim advocates are trained to support victims of crime. They offer emotional support, victims' rights information, help in finding needed resources, and assistance in filling out crime victim related forms. Our advocates frequently accompany victims and their family members through the criminal justice proceedings. Advocates work with other organizations, such as criminal justice or social service agencies, to get help or information for the victims we serve. Victim advocates' responsibilities vary depending on the victim's situation. Victim Services heavily relies on volunteers. Some of our volunteers are survivors who have chosen to help others who are going through their own healing process. The caseload of advocates in 2020 is as follows: Angelica Saldana (117); Julia Hernandez (120); Kenya Salazar (114); Deissi Munoz (108); Heather Blair (346) Lindsey Hall (84); Estela Morales (33); and Laura Valdes (1270). Victim Services received over 2252 referrals in 2020.

The AB109 Victim Advocate position has been filled since May 2014 and provides support and services to crime victims that are not covered by other by other funding sources and to cases at stages of the criminal justice system not covered by other advocate positions. The existence of this position ensures that the Victim Services program is meeting the needs of victims effected by continuous criminal justice reform. **From 2014-2020, 2,635 new criminal cases have been assigned to this position.** Realignment programs handled by this position include:

- 1. Pre-charging and post-charging NHC cases, AB109 cases**
 - county prison eligible criminal cases and cases where the offenders are on an active grant of Mandatory Supervision or Post Release Community Supervision (PRCS)
- 2. California Department of Corrections and Rehabilitation (CDCR) notification cases**
 - providing notice of the release of inmates from CDCR and connecting victims to the supervising agencies
- 3. Prop 57 nonviolent offender parole review cases**
 - providing notice of possible early parole and a victims' right to comment to the Board of Parole, Executive Clemency cases
- 4. Day Reporting Center (DRC) Victim Awareness Class**
 - a restorative justice based and trauma informed course where offenders discover and discuss the realities of victimhood. Based on this unique case load).

In 2019 the office was selected to present at The National Center for Victims of Crime & The National Crime Victim Bar Association National Training Institute in Denver, Colorado on Victim Services Responses to Criminal Justice Realignment.

**Number of cases handled annually per program by VS AB109 Advocate
NOR = Notice of Release**

NHC affords crime victims a victim centric versus an offender centric experience. Rather than having their lives further controlled by the actions of an offender, a victim may decide how much they will participate in how an offender is held accountable. They are able to directly ask questions to an offender, receive answers from the offender, and be reimbursed for crime related expenses by the offender. Victims are guided through restorative justice processes and the advocate will accompany them to the NHC conference. Victims who choose to participate directly in a face to face meeting with the offender are often satisfied that they were able to share their story and hear the offender's, express how they were harmed, and provide input into how to address an offender's choices; having the opportunity to hear from the offender allows victims to fill in mental gaps and address emotional impacts in a way that is rarely seen in criminal court. Providing access to restorative justice options empowers crime victims to address their trauma in a safe and confidential setting without being re-traumatized by having to go through a public traditional prosecution. **From 2014-2020, 435 victim cases have been referred to victim services and have been afforded the opportunity at a restorative justice resolution.**

AB109 cases, while nonviolent, non-serious, and non sex offender registerable, are important to the victims and communities who are on the receiving end of an offender's actions, and require many of the same services provided to victims of violent crimes. Having one's vehicle stolen, identity stolen, business burglarized, or property vandalized effect a victim's quality of life and often creates a financial burden that can never be repaid by an offender. AB 109 victims are provided with services that account for their rights under Marsy's Law and they are guided through the changes in the law that will affect the possible outcomes of a case. AB 109 victims are supported when they have to testify in court and when they choose to make victim impact statements at hearings. Having an advocate dedicated solely to AB 109 crimes ensures that the unique needs of these victims are not overlooked and that they too are provided with the chance for their

voices to be heard. **From 2014-2020, 2,200 AB109 cases have been assigned to date and would not have received services but for the AB109 position.**

CDCR notification cases cover all crime types and all types of parole programs or remedies for possible release. This program requires collaboration with statewide probation and parole departments. The AB109 advocate receives all notices related to: natural release or death, 290 registrations, Executive Clemency petitions, Elderly Parole, Youthful Offender Parole, Prop 57, and expedited and emergency releases due to COVID- 19. As CDCR creates more programs to comply with ensuring the constitutional rights of inmates the AB109 advocate responds by reaching out to victims about the changes to an inmate's custody status and their rights' under Marsy's Law. The AB109 advocate goes to great lengths to ensure that all victims are notified of possible or scheduled releases and provided with the resources to address their needs for safety upon the release of an inmate. CDCR does not guarantee that a victim will be notified of an inmate's release unless they are registered via the 1707 form for victim services. Victim Services provides victims with the resources and support for registering for victim services with CDCR, however not all victims follow through with the registration process. Based on data received from the Office of Victim and Survivor Rights and Services (OVSRS) at CDCR in September 2020, out of the 650 Yolo inmates at CDCR at that time, victims were only registered for services in 191 cases; There were a total of 355 individuals on file to receive services in all. The AB109 advocate works to ensure that all victims in all CDCR cases are notified, regardless of their registration status with OVSRS at CDCR. **From 2014 – 2019 there were 307 inmate release cases handled. In 2020 alone, including expedited and emergency releases due to COVID -19, 208 CDCR inmate releases were handed by the AB109 advocate and team.**

The Victim Awareness class at the DRC was designed and is led by the AB109 Victim Advocate. As part of their own healing journey and reintegration in the community, the class breaks the ice with offenders, giving them the chance to learn how to listen to victim's voices, about needs created by crime, and of the resources that assist victims in the aftermath of a crime. In a one-hour workshop that provides offenders on probation and parole the opportunity to engage in a facilitated, open minded, and victim centered discussion, offenders listen to recordings of victim impact statements from varying crime types and they discuss with one another: who was harmed, how they were harmed, what does justice look like for a victim, and what will help a victim move forward and through their trauma. This class is offered every six weeks and many DRC clients willingly attend more than once, anecdotally stating that they are always learning something new, about themselves, from their peers, and about the victimology of crime. Offenders are educated on the impacts of paying restitution, including the effect of making crime victims whole again. At the end of the class a short survey is given to identify what information each offender is taking with them from class; at the end of the survey it asks whether the offender has ever been a victim of crime themselves, and an overwhelming majority indicate, yes. Due to COVID 19 there was a pause in the delivery of the class, but classes will resume in 2021. **From 2014-2020, 532 DRC clients have attended the Victim Awareness class.**

Victim Advocate Heather Blair teaching Victim Awareness to parolees and probationers at the DRC

Mental Health Court and Addiction Intervention Courts

Mental Health Court (MHC) and Addiction Intervention Court (AIC) are a minimum 18-month court-based treatment and monitoring systems for adult offenders with a serious mental illness or substance use disorders. These programs are designed to increase the treatment engagement of the participants while reducing both arrests, hospitalizations (for MHC), and jail time both during and after their involvement and participation in the program. These programs are collaborative efforts between the Probation Department, Health and Human Services Agency, Yolo County Superior Court, the Public Defender, and the District Attorney. Mental Health Court follows the Forensic Assertive Community Treatment model where participants get intense services two hours per week or meet with staff four times per week. The team provides participants with wrap-around treatment which includes a focus on mental health, substance abuse, housing, vocational training and school, and physical health. **The goal is to address the criminogenic factors and reduce recidivism. When a participants are close to graduation, they participate in a Restorative Justice conference.**

Graduation from Mental Health Court

Outcome measures were analyzed by the team for FY 19/20. The results were extremely positive. When comparing the 12 months prior to participants starting Mental Health Court to the 12 months after Mental Health Court, **there was a 69% decrease in arrests, a 48% decrease in jail bed days, a 100% decrease in local hospital bed days, and a 100% decrease in state hospital bed days (see graphic below).**

Four district attorneys contribute significant time to this program. While a Supervising DDA is funded by the CCP, the Chief Deputy and two DDAs are compensated through general fund dollars. The team is now implementing a grant of \$747,280 from the Federal Bureau of Justice Assistance. As a result, Mental Health Court will double from 15 to 30 participants.

Additionally, the team received a \$1.1 million dollar grant from the Department of State Hospitals. This grant will allow justice partners to divert some individuals who are deemed incompetent to stand trial or are at risk for being incompetent to stand trial. This will allow the team to treat these individuals within the County and avoid sending them to a State Hospital. The District Attorney coordinated the drafting and submission of this grant and also will administer the grant. **Mr. Bulkeley had a significant role in drafting these grants.**

During COVID-19, the team has been conducting all meetings, court sessions and graduations by Zoom.

Virtual graduation (as a result of COVID-19) from Addiction Intervention Court. The graduate's daughter (middle right) was able to attend the graduation from Hawaii.

Steps to Success

Steps to Success (S2S) is a voluntary diversion program that uses **restorative justice and trauma-informed care** principles and practices to provide treatment and wraparound services. The program serves Yolo County residents who are facing misdemeanor or low-level felony criminal charges related to their mental health and/or substance use condition. The program is implemented collaboratively by the Yolo County Health and Human Services Agency, District Attorney's Office, Probation Department, and Public Defender's Office and three community-based organizations (CommuniCare, Empower Yolo, and Legal Services of Northern California).

The main goals of the S2S program are to:

- Assist participants in gaining access to medical treatment so they can begin the road to recovery.
- Develop a case plan with a case management team designed to connect the participant with assistance and public programs that can offer relief to their current situation.
- Help participants to reintegrate themselves within the larger community.

2020 Steps to Success Graduation

Health and Human Services Agency administers the grant which funds S2S and is responsible for preparing periodic reports based on data compiled by Probation and CommuniCare.

The last Outcome Measures, conducted by HHSA and Probation, covered the time frame from June, 2018 to March, 2019. **These outcome measures are as follows: 48 participants received intensive case management and wraparound support; 5 participants completed facilitated restorative justice conferences 42 participants received legal services to address non-criminal barriers to housing, employment and public benefits; 43 participants received housing support services, with 24 placed in temporary housing and 8 placed in permanent housing. We haven't received any additional reports from HHSA or Probation.**

Good Afternoon Eric,

Attached please find the HHS report for the substance use programs we administer utilizing CCP dollars. You will find in the attached the program purpose that is embedded in every contract receiving CCP funding, as well as the CCP Strategic Plan alignment statement. The presentation contains full data for fiscal year 2019/2020 as well as the first 6 months' worth of data for fiscal year 2020/2021. Below I have noted a few key pieces of information that we believe are important to call out and want to be transparent around.

1. Prior to the Drug Medi-Cal ODS waiver beginning on 7/1/2018, Yolo County served approximately 725 duplicated clients per fiscal year. So, you will note in FY19/20 we served 1,894 duplicated clients (a 261% increase) and in FY20/21 we are on track to serve 1,686 (a 232% increase). While the total numbers served are projected to be lower this year, understandably so given the pandemic, there has still been incredible growth in access to care for this population year over year which is an important part of ensuring a safe community and thriving citizens.
2. While we did not effectively track referrals to other community services prior to 7/1/2018 and therefore do not have comparison data, I can say confidently that the total number of referrals in FY19/20 and 20/21 to mental health, physical health, and other community programs (additional substance use services, housing, employment, etc) are much higher than pre-7/1/2018 rates as we have worked hard as a continuum around integration and ensuring when needs in other areas are identified staff are making connections and referrals.
3. We do not have PM 3.4 data for FY20/21 because this data comes from a State facilitated survey that Department of Healthcare Services decided not to have occur during the pandemic. This survey is conducted in the Spring as well, so our hope is it can be done electronically through telehealth upcoming and therefore we can have some data for this at the end of FY20/21.
4. With the significant growth in access to care and volume of services being delivered, being approximately 2.5 years into this new system we are now starting to see some trends of where system improvement needs to occur and one area where I believe COVID has directly impacted the FY20/21 info.
 - a. Measure PM 1.5 which captures the # of clients who have a successful completion of their treatment plan compared to the # who left before completion is not where we want to be as a system. Our expectation as a County, and our providers expectations, is that the successful completion figure would be higher. The numbers look slightly worse in 20/21 and I believe this is related to COVID. There have been significant shifts in how services have to be delivered, protocols put in place, additional stress on clients and staff, and I believe this outcome measure shows the results.
 - b. We saw a decrease in engagement rates from FY18/19 to FY19/20 which is problematic, but it does look like thus far in FY20/21 we are seeing a return closer to the FY18/19 figures which is encouraging.
5. In FY19/20 and 20/21 the PM3 measures, which are most critical, all point to decreased instances of substance use, reduction in incarceration, and improved quality of life for beneficiaries. This is incredibly encouraging to see.

Lastly, I want to note that HHS and our providers do not believe we are truly where we can be as a system and are constantly looking at ways to not only improve access to care but strive to increase engagement, transitions between care, and addressing some of the pieces noted above that are not acceptable. With these goals in mind, Yolo County in conjunction with our partners, were successful in

being selected as 1 of 6 counties in the State of California to participate in the Systems of Care (SOC) Initiative. The goal of the System of Care Initiative is to facilitate the recovery journey of those with a substance use disorder by supporting counties to expand access to services and provide continuity of treatment as these individuals transition between locations, such as emergency departments, inpatient hospital settings, primary care clinics, jails, prisons, and/or the community at large; and levels of care, such as residential, intensive and other outpatient care. The Initiative is paid for by the Department of Health Care Services (DHCS) via State Opioid Response Grants (SOR) coming from the federal Substance Abuse and Mental Health Services Administration (SAMHSA).

Over the next 24 months, staff will be working with Health Management Associates (HMA) and our partners throughout the substance use disorder (SUD) system of care on this initiative. HMA will help Yolo County achieve the goals of the initiative by providing system-wide stakeholder engagement services, coaching and other technical assistance. These supports provided by HMA will be aimed at strengthening treatment and recovery ecosystems throughout the state, developing a predictable and consistent knowledge base in local communities, and encouraging transitions of care for individuals suffering from a substance use disorder. The first system-level stakeholder engagement effort in Yolo County will be a performance improvement event held on April 23rd and 24th from 9am-1pm where members of our ecosystem will convene to set SMART goals for this 24 month journey.

Please let me know if you have any questions. Thank you,

SUBSTANCE USE YEAR BY YEAR DATA

Ian Evans, LMFT

Adult and Aging Branch Director

PURPOSE STATEMENT

PROGRAM PURPOSE

- Decrease incidences of substance abuse, reduce incarceration, and improve the quality of life for beneficiaries.

CCP STRATEGIC PLAN ALIGNMENT

- Objective 1A
 - Work to build a comprehensive continuum of substance abuse services, and improve mental health and substance abuse service provision

FISCAL YEAR 19/20

Electronic Monitoring

Purpose- Reduce the number of incarcerated individuals in Yolo County jails and maintain the self-sufficiency of individuals in the community.

Program Information- The mission of the electric monitoring program is to maximize public safety by mitigating impacts of AB 109 Realignment on an overcrowded local jail system by maintaining the most appropriate population on the electronic monitoring program, maintaining an appropriate level of supervision, facilitating re-entry services for participant re-integration as a productive member of society, reducing jail overcrowding while maintaining the integrity of the EM program.

Maintain Jail Beds in Leinberger & 75 Additional AB109 Beds: Program History

Before AB109, a large portion of Leinberger was closed due to budget cuts and Correctional Officer layoffs. Funding allowed for the rehiring of 12 Correctional Officers and increased the bed capacity by 62 to meet the demands of AB109. In FY17/18 \$1,394,453 was approved for this 'program'

Additional funding was provided to hire 6 additional Correctional Officers and 2 Corrections Records Specialists, which expanded the number of jail beds available to AB109 inmates in Monroe. In FY17/18 \$929,635 was approved for this 'program'

AB109 Inmates in Custody from 2014 to 2019
