

MEMO

New HHSA policies reminder: On Tuesday, March 16, 2021 HHSA's BH QM unit sent out to all provider contacts an informational email regarding new and/or revised policies that have been updated by Yolo County to meet state and federal guidelines. It is the responsibility for Network Providers to update their own organization/program policies and procedures and ensure that staff understand and comply with these requirements. Network providers need to meet these minimum requirements but are welcome to expand policies and procedures as appropriate for programs. These policies pertain to: Access and Availability of Services; Fraud, Waste & Abuse; Quality Assessment and Performance Improvement program; Clinical Assessments; Client Treatment Plans, & Medical Necessity for Outpatient and Inpatient SMHS. If there are any questions, please contact HHSAQualityManagement@yolocounty.org.

Thanks Mila
