---

Board Meetings: Currently there is no board of trustees

## No Board of Trustees

---

### NOTE:

Reclamation District No. 811 consists of a large capacity drainage channel and a single pump. The pump is located at a joint pumping facility that belongs to RD 811 and RD 537. Currently, being that there was an unanticipated loss of their board of trustees the pump belonging to RD 811 is being operated and maintained by RD 537.

The former contact to RD 811 referred all inquires regarding the district to Yolo County Supervisor Mike McGowan. Supervisor McGowan's office referred such inquires to the County Counsel, however the County Counsel has no existing file for RD 811. Reclamation District No. 900 who handles the book keeping for RD 537 does not have any information at this time on RD 811 either. All inquires regarding the pumps operation should be made to the RD 537 contact, Kyle Lang, until such time that RD 811 obtains a functional board.
