1. Call to Order

Roll call was conducted by the Clerk.

2. Public Statements and Comments:

Rachel Long addressed the Advisory Redistricting Commission during public comment. Additionally, the Clerk was asked to include comments from the Chat box, as noted here, from Charla Parker: Following up on Rachael's comments, we believe Winters and Esparto should be included with rural areas, not Davis. Also, the Daily Democrat they will no longer be delivering the paper to their community, so it is getting harder to get messages to rural residents. Lastly, she said it would be helpful if instructions were provided at the beginning of the meeting on how to raise your hand, especially for those residents who are new to participating.

Commissioner Lizarraga let his fellow Commissioners know that he will be making a redistricting presentation per the request of the League of Women Voters and he wanted to remind them that as they share and/or make presentations to the community about redistricting, just to be careful as to what is presented, so no one is mis-lead.

3. Correspondence

5. Receive presentation on communities of interest and hold a public hearing to receive public testimony*

Kate Laddish, Rachel Long, Rebecca Spiva, Kyle and Charla Parker addressed the Commissioners on this item.

Received presentation on communities of interest as presented by Chris Chaffee and held a public hearing to receive public testimony. Mr. Chaffee explained they should be receiving the final data by the end of today and then he would forward the draft maps to the County at least 7 days prior to the next meeting (by September 27th), which can then be uploaded to the website. He noted that Davis, Woodland and West Sac are too large and will need to be split. He reviewed the few draft maps submitted by members of the community in DistrictR, the website to create County District maps. Mr. Chaffee encouraged the Commissioners to play with DistrictR and submit their own Community of Interest (COI) Maps and to review them to make sure what they hear in their neighborhoods and their communities are being reflected in both the DistrictR side of maps but also in the public discussion. He went on further to say that the members, as representatives, are a vital part of this process that they should participate by submitting COI testimony.

The Commissioners were wondering how the public can participate in polling once draft maps are available on the website. Mr. Martinez said he would reach out to Alexander Tengolics, liaison to this committee, to see how this can be done and to also check about agendizing this topic at the next meeting.

Mr. Chaffee noted that Census Blocks, the official geographies provided by the Census, can create challenges in DistrictR, but ultimately we need to just follow the Census Block Lines.
