Good Afternoon Chair of the Commission and Members:

Attached is a scanned copy of a petition in English, and 2 copies of the same petition translated into Spanish, that was signed by persons who live in or near Winters, or who work in Winters area agriculture. 18 individuals in total signed the petitions.

Their signatures confirm that they used to be represented by elected supervisors who represented their interests. They are no longer represented by persons who really understand or care about what they do or the success of the industry that employs them. They want their area to be returned to a district that represents Yolo County agriculture because the present district configurations have broken up their community of interest.

Please feel free to contact me if you would like additional information.

PETITION

I live in the Winters area of Yolo County. I work in agriculture. My job depends on Yolo County farming and ranching succeeding.

County farming and ranching succeeding. 10 years ago the County changed its districts for our board of supervisors. My family and I, and my coworkers, used to be represented by people who understand farming and our connection with it. After that redistricting we no longer have a representative who knows or cares about what we do.

We want Winters to be put back into District 5. We do not want to be represented by Davis politicians. They do not care about farming or those of us who work in it.

PETICION

Yo vivo en el área de Winters condado de Yolo. Yo trabajo en la agricultura y mi trabajo depende de que la agricultura en el condado de Yolo sea continua.

Hace 10 años el condado cambió sus distritos para la Junta de Supervisores. Mi familia, amigos, compañeros de trabajo y yo antes éramos representados por personas que entendían la agricultura y nuestra conexión con ella. Después de la redistribución de distritos, no tenemos un representante que entienda o le importe lo que nosotros hacemos y significamos para la agricultura de este condado.

Nosotros queremos que Winters vuelva a formar parte del Distrito 5. No queremos que políticos de Davis nos representen. A ellos no les interesa la agricultura ni los que trabajamos en ella.
