Center For Land Based Learning

On May 20th, Supervisor Barajas toured the Center for Land Based Learning with Executive Director Mary Kimble, at their new facility outside of North Woodland. Not only did he learn of the property's history but of the great agricultural opportunities offered to new farmers as well. Supervisor Barajas was able to receive information regarding the programs and projects taking place to help small and relatively new farmers and also for those people who are in need of fresh produce. One of those projects being a Mobile Farmers Market, which will provide fresh food opportunities for the underserved communities.
