

ELLEN'S HOUSE

Program Overview, Property Management and Resident Oversight

ABOUT ELLEN'S HOUSE

The Ellen's House program will provide services for at least eight local residents simultaneously who are justice-involved but who have been selected to be part of this program based on an evidence based screening and assessment, their commitment to their recovery and their ability to fully participate in the program and meet its various terms and condition. Participants will include those suffering from substance use disorders, experiencing homelessness and who may have co-occurring mental health disorders.

Yolo County Health and Human Services Agency will contract with Yolo Wayfarer Center to provide all services. Yolo Wayfarer Center current operates Walter's House, a residential substance use 44 bed program located in Woodland.
