Rapid Antigen Test Self-Attestation Form

The County of Yolo now allows home antigen tests to serve as proof of COVID-19 test results for individuals. However, the County does not provide individualized letters verifying the results of a COVID-19 home antigen test. If requested, individuals can attest to the results of a home test using this form. By completing this form, individuals are attesting that they have followed all instructions correctly as written in the test kit and used the test correctly.

Please note that the County does not receive completed forms and cannot verify the accuracy of any information provided by individuals. Employers/agencies should perform any inquiries reasonably required to ensure that the self-attestation has been completed in a truthful and accurate manner.
