Re: Authorize Continued Remote Meetings

Subject

Authorize remote (teleconference/videoconference) meetings by finding, pursuant to Assembly Bill 361, that (a) the COVID-19 pandemic state of emergency is ongoing, and (b) meeting in person would present imminent risks to the health or safety of attendees.

Reason for Recommended Action/Background

The CCP has been meeting remotely since August 10, 2020. AB 361 amended the Brown Act to add simplified procedures that make it easier to hold remote meetings during a state of emergency proclaimed by the Governor (a local emergency is insufficient). To meet remotely during a proclaimed emergency, the legislative body must find either of the following circumstances is present: (a) state or local officials continue to impose or recommend measures to promote social distancing; or (b) as a result of the declared emergency, the legislative body finds by majority vote that meeting in person would present imminent risks to the health or safety of attendees.

To date, the CCP has relied on the social distancing recommendations of the County Health Officer in adopting AB 361 findings. Like many other county health officers, however, Dr. Sisson is no longer recommending social distancing and CCP Members must therefore consider the "imminent risks" finding to continue meeting remotely. The "imminent risk" finding is substantiated based on:

- Public meeting spaces in County buildings were not designed to ensure attendees can remain the necessary six feet apart to reduce the possibility of infection with the virus that causes COVID-19.
- Prior to the COVID-19 pandemic, CCP meetings would often attract significant attendance and community members and staff would be in close proximity (seated or standing immediately next to one another) for the meetings' entirety (between two to three hours)

- Holding in-person meetings requires community members to come to County facilities to participate in local government. Some public members are likely to be at high risk for serious illness from COVID-19 and/or live with someone who is at high risk.

On these grounds, staff believe CCP Members can appropriately make the findings necessary to allow continued implementation of AB 361.

Re: Consider contributing funds to implement Diversionary Housing Project as planned, reducing the scope of the project or not proceeding with the project

Background

The Diversionary Housing Project (DHP) was developed by the CCP in to meet its Strategic Plan goal to create additional housing and expand access to treatment services for individuals on probation with mental health and/or substance use conditions who are at risk for homelessness. The DHP was designed to purchase a house in both Woodland and West Sacramento, based on a prior gaps analysis/needs assessment. In 2019, a \$1 million Community Services Infrastructure Grant from the California Health Facilities Financing Authority was awarded for property acquisition, renovation and related start-up costs to ultimately serve 20 clients a year (5 clients in each house with an average stay of 6 months each). Note: the CCP has annually budgeted funds in anticipation of ongoing property management costs related to the project.

When the grant was awarded, and during prior efforts to implement the project, \$1 million was sufficient to support the acquisition and renovation of two properties. The current housing market, however, makes the purchase and renovation of two properties prohibitive with a \$1 million budget. A recent search for properties in just the community of Woodland found only three houses under \$500,000, each likely requiring renovation and each around 1,000 square feet which would not be large enough to house 5 clients. Given the current housing market and increasing costs to renovate, it is estimated \$1.5 million would be needed to implement the DHP as planned.

Options for Next Steps

There are three options for the CPP to consider concerning the future of the DHP.

- A. There are one-time Realignment funds available which the CCP could consider dedicating a portion of to the DHP. Currently, the projected year-end available CCP fund balance is \$1.3 million. This balance has been generated over multiple fiscal years and does not include any projected departmental fund balances from additional revenues received or savings departments may experience the current fiscal year. It is anticipated an allocation of \$500,000 toward the DHP would be sufficient to implement the project as planned.

- B. While the California Health Facilities Financing Authority is not in a position to increase the grant amount, they may be willing to reduce the project size. An option is to request the DHP be reduced to just one property.
- C. Given past challenges related to finding suitable properties and community outreach, and current challenges related to increasing costs and the limited real estate inventory, the CCP may want to consider forfeiting the grant.

Recommended Action

The grant requires properties be purchased and any necessary renovation well underway by November 30, 2022. Ultimately, the program must be operational with clients living in the properties by June 30, 2023. Given this timeframe, staff recommends a decision be made now on the CCP's desired path forward.

Re: Approve the use of up to \$5,000 in CCP Administration funding for public meeting facilitation assistance to inform the update to the Strategic Plan and discuss dates for public meeting

Community Corrections Partnerships (CCP) are required to have Public Safety Realignment Plans, or Strategic Plans. To view Yolo County's CCP's Strategic Plans (past and present) visit www.YoloCounty.org/CCP.

Regular updates to strategic plans are prudent to account for changes in legislation, funding and philosophy. As the current CCP Strategic Plan (2019-2022) comes to a close, the CCP is embarking on an update which will in part be informed by public input.

When the Probation Department grappled with alternative uses of the Juvenile Detention Facility (JDF) in the summer of 2021, it held two Public Listening Sessions seeking input. These 90-minute meetings were facilitated by Kara Hunter with the Yolo Conflict Resolution Center, with logistic management provided by Holly Wong Consulting. Hunter provided direction and solicited input from community members while Wong managed the Zoom account, participant registration, Spanish language translation services and post-meeting surveys.

At the March 14, 2022 CCP Meeting, staff presented a draft timeline for development of the 2023-2027 CCP Strategic Plan which included discussion about desired public outreach to inform the effort. To support the CCP's desire for public input, staff recommends repeating the success of the JDF Public Listening Sessions by allocating up to \$5,000 in Administration funding to again engage the services of Hunter and Wong to facilitate public meetings to support development of the 2023-2027 CCP Strategic Plan.

Subject: Receive status update on implementation of the 2019-2022 CCP Strategic Plan and provide input on objectives that should be carried over to the 2023-2025 Strategic Plan

Background

The CCP's current Strategic Plan (Attachment B) was developed for implementation in calendar years 2019 through 2022. The plan includes 15 objectives intended to further the following goals of the CCP:

1. Ensure a safe environment for all residents and visitors by reducing and preventing local crime and reducing recidivism
2. Restore victims and the community and hold offenders accountable
3. Build offender competency and support community reintegration

2019-2022 CCP Strategic Plan Status Update

Departments receiving CCP funding were asked to provide status updates on those objectives under their purview which can be found in Attachment C.

Recommended Action

To initiate the process of developing the 2023-2026 CCP Strategic Plan, staff requests input on those objectives that may not be complete by the end of 2022 and should be considered for inclusion in the Strategic Plan update.

CCP 2019–2022 Strategic Plan

Mission

“The mission of the Yolo County Community Corrections Partnership is to protect the public by holding offenders accountable and providing opportunities that support victim and community restoration, offender rehabilitation and successful reintegration.”

1A. Work to build a comprehensive continuum of substance abuse services, and improve mental health and substance abuse service provision.	Improve VA verification at the jails and establish a baseline of data for the number of veterans in the jail.		The jail can currently run reports on who has self-identified as military (current/former). The next step would include establishing a baseline of data using these reports.	This objective was related to starting a VA specialty court. The action was to identify the number of vets to see if there was critical mass to warrant creating a court related to veterans.
	Partner with the Criminal Justice Continuum of Care Work Group to identify future service needs and arising issues in the criminal justice system.	In Progress	The Sequential Intercept Map (SIM) process and Data-Driven Recovery Project (DDRP) are the result of the work being completed by the Continuum of Care Work Group. The SIM, reviewed by the Community Corrections Partnership (CCP) in October 2019 and by the Board of Supervisors in July 2020, illustrates gaps in services in Yolo County, while the DDRP provides opportunities for data sharing and management within the County.	
	Research ways to address probationer needs, such as employment and medical services.	Future Project	There is data available from risk and needs assessments that may provide historical data trends. Potential solutions could include an employment specialist/navigator shared between the Sheriff and Probation departments.	CCP funding set aside for vocational development services; job training survey voluntarily completed by 182 clients to narrow down interests Crisis Now program under development Co-responder mental health clinician supporting Sheriff and Probation Focused re-entry entry services provided by Probation, especially for high-needs clients

The first is to connect with Sacramento and Alameda counties regarding their existing data-sharing projects. Next, the DDRP has access to 10 counties doing some form of data sharing or funding integration. There are also counties using innovation money to develop technical approaches.</p>	<p>Other counties were consulted; IT found their methods not compatible with our current systems; confidentiality continues to be a hurdle</p>
	<p>Decide on the best system design approach for Yolo County and hire a consultant to create project plan and RFP for data sharing.</p>	<p>Future Project</p>	<p>Possible need for a consultant or Business Intelligence report. Depends on what is being shared, how often it needs to be updated and any transformation. While there is a cost to technology, true cost will be human resources to standardize uses and approaches across agencies.</p>	<p>Previously a project of the DA; still a worthy goal; reached out to Measures for Justice and DA re: Transparency Project</p>
	<p>Secure funding for data sharing system.</p>

<p>1D. Incorporated outcome-driven decision making by implementing current research and evidence based-practices</p>	<p>Work with the California State Association of Counties (CSAC) through the Results First partnership to create a cost-benefit analysis tool for our CCP programs.</p>	<p>Completed</p>	<p>Results First initial report is complete. Staff have completed the recidivism study, program inventory, resources use analysis and cost-benefit analysis. Staff will present report to the CCP on August 10 and the Board of Supervisors on September 1.</p>	<p>Continuing to work with CSAC on additional cohorts</p>
	<p>Implement evidence-based contracting.</p>	<p>Future Project</p>	<p>The next step is to develop quality assurance processes for contracts and program monitoring, and then a subsequent way to measure continuous quality improvement processes for future analysis. CCP Analyst to reach out to CSAC Hub for technical assistance.</p>	<p>Domestic Violence evidenced-based pilot project implemented</p> <p>Are there CCP programs not evidence-based?</p>

2B. Implement a probation case management system.	Complete phase 3 of the probation case management system.	In Progress	Phase 3 includes services through IT for a Programmer. This Phase includes new modules and technology and focuses on reporting and analytics to ensure that data drives decision making and practice.	Complete

Goal 2: Restore Victims and the Community and Hold Offenders Accountable

Objective	Action	Status on 08/11/20	Status Update 08/11/20	Status Update 04/11/22
2C. Reduce Failure to Appear in criminal courts.	Collect baseline data on FTAs in Yolo County.	Future Project	The next step is to collect data from the Courts and Probation.	Requesting data from Court
	Create a list of actions that will potentially reduce FTAs, analyze best options, track progress of implemented actions, and implement new actions that reflect best practices.	Future Project	To follow after baseline identified.	Text notification pilot begins in April 2022; Early Representation Project to reduce failures to appear in court by those cited for misdemeanor offenses

Goal 2: Restore Victims and the Community and Hold Offenders Accountable

<p>2D. Expand the use of restorative justice programs.</p>	<p>Continue to expand neighborhood court to include more offenders.</p>	<p>In Progress (grants received)</p>	<p>The Steps 2 Success program and new Mental Health grant are currently supporting this effort with collaboration from all CCP partners to fund positions needed to facilitate the programs. The grant programs are temporary in nature, thus making current efforts temporary.</p>	
	<p>Research other restorative justice programs.</p>	<p>Future Project</p>	<p>Probation has received a youth restorative justice program grant from the State. This process may be replicated for adults, but additional analysis is required.</p>	<p>Continue to include a restorative justice component in all specialty courts; RESTORE Program to resolve pending juvenile criminal cases without receiving a conviction</p>

Goal 3: Build Offender Competency and Support Community Reintegration

3A. Expand the use and availability of evidence based in-custody programming to offenders.	Explore the implementation of Day Reporting Center (DRC) programs, educational resources, and assessments for the new county jail facilities.	In Progress	DRC is currently in place. Need to determine ways to augment new programming space that will become available.	
	Create an adult reentry strategic plan.	In Progress	Probation has an officer assigned to the Jail, the Sheriff's Office has a social worker assigned and CommuniCare just received a "Transition of Care" grant for re-entry work. The next step is to use these resources to formalize an Adult Re-entry Strategic Plan over the next several months.	
	Incorporate expanded inmate programming in the new jail projects.	Future Project	Pending completion of jail construction.	
	Prioritize in-custody programming and contracts with providers that utilize evidence-based practices.	Future Project	Pending completion of jail construction.

<p>3B. Expand the capacity of existing specialty courts; Evaluate the viability of adding new specialty courts.</p>	<p>Collect data for the Addiction Intervention Court (AIC), and compare protocols to accepted drug court protocols and modify as appropriate.</p>	<p>In Progress</p>	<p>HHSa and Probation are working on data collection methodology for AIC, similar to what's currently used for (Mental Health Court) MHC. Methodology should be finalized in the next quarter, with data collection beginning ASAP. 2020-21 data will be captured and can be reported out on. Additionally, there is potential for cross-over with the DDRP so that data lifts are part of a comprehensive warehouse of resources and not one-offs.</p>	<p>MHC and AIC expanded from 15 to 30 participants each.</p>
	<p>Perform gap analysis of specialty courts that have not been implemented (E.G. Veteran's Court, DUI Court, Reentry Court).</p>	<p>In Progress</p>	<p>Focus of all the partners over the last several months, in addition to COVID-19 response, has been finalizing several grant contracts and working on hiring staff to implement. Recommend this be a 2020-21 or 2021-22 item.</p>	<p>Given potential low numbers and impact to the court, additional analysis is needed; MHD with CCP funding</p>
	<p>Work with the Criminal Justice Grant Writing Team to explore the feasibility of applicable grant opportunities to expand existing or add new specialty courts.</p>	<p>In Progress (grant received)</p>	<p>Clinician for JMHC grant started with HHSa on August 2. Anticipate accepting new clients into the expanded program starting in September.</p>

3C. Expand housing investments to assist with offender reentry	Analyze the feasibility and cost of expanding housing capacity.	Completed		
	Take one or more actions to increase housing capacity; Work with the Criminal Justice Grant Writing Team as appropriate to secure funding.	In Progress	CHFFA Round 1 grant received for \$1 million to acquire/rehab 2 properties to house 5 clients each for Diversionary Housing Project. \$66,000 will be required annually for property management. CCP has been funding property management for IGT house (also houses 5 clients) at ~\$30,000 annually.	Prior attempts to implement grant have not been successful due to need for a more robust community outreach; current housing market makes it difficult to implement as currently planned; consulting with CCP on next steps (CCP contribution to effort, reduced effort, forfeiture of grant)

Goal 3: Build Offender Competency and Support Community Reintegration

<p>3D. Safely reduce the number of people with mental illness in the jail system</p>	<p>Explore options for safe diversion of low-level, nonviolent offenders with a mental health illness and/or substance abuse disorder to appropriate community-based mental health treatment programs.</p>	<p>Proposed 2020-21 Budget</p>	<p>Exploring embedding clinician in the Sheriff and Probation departments to address gap with the loss of the Crisis Intervention Program (CIP) which assisted in intervention on scene and post-event follow-up, including review of protocols for when hospital vs jail is appropriate, as well as supporting post-hospital discharge.</p>	<p>Clinician embedded with Sheriff and Probation</p> <p>Crisis Now program under development</p> <p>MHD Program with CCP funding</p>
	<p>Explore options to make transitional residential treatment beds for people with mental health problems.</p>	<p>In Progress</p>	<p>CHFFA Round 2 grant received for \$1.6 million to add 1 house for 8-10 individuals who need housing to remain stable in the community and are part of a diversion program.</p>	<p>Attempted to implement Ellen’s House; grant forfeited due to limited housing inventory and community concerns</p>
	<p>Implementation of a mental health screening and assessment process to better identify people with serious mental illnesses and establish baseline data.</p>	<p>Future Project</p>	<p>There is potential cross-over with the DDRP, given the data sharing and management that is currently being conducted by Kevin O’Connell with the Sheriff, Probation and Behavioral Health data sets.</p>

3F. Research and analyze the causes of recidivism, and identify best practices in addressing causes	Gather data relating to the criminal justice involved population and causes of recidivism.	In Progress	CSAC Results First Recidivism Study (2012 Cohort completed. Work to complete rest of cohort data years)	Complete and ongoing
	Review literature on causes of recidivism.	In Progress	Public Defender to work with intern and present at a later date	Ongoing
	Identify best practices in addressing recidivism causes	Future Project	Public Defender to work with interns. CSAC Results First cost-benefit analysis will provide an additional resource that may inform data related to recidivism and where Yolo County criminal justice-involved individuals go when moving through the continuum of care.
