Re: LAFCo Application No. 22-01 for a Sphere of Influence (SOI)
Amendment and Annexation to the El Macero CSA for 27384 Eagle View
Court (Eric and Kate Stille)

Hello Kimberly,

LAFCo received the attached application on February 4, 2022. Because the application was filed by the landowner and not requested by the El Macero CSA, LAFCo is required to transmit a copy of the application to the District to ensure it supports annexing this property (per Government Code 56857).

My understanding is this application is supported in concept by the El Macero CSA. However, I need to let you know that **if the District wishes the application be terminated, it has until May 31, 2022 to adopt a resolution** making findings “regarding financial or service concerns based on information provided in the application and any additional information provided to the district by the commission or the applicant that is relevant to determining the adequacy of existing and planned future services to meet the probable future needs of the territory”.

My practical suggestion would be to schedule an item on the next El Macero CSA advisory committee agenda seeking a recommendation whether to support this LAFCo application (indicating its willingness to provide CSA services to this parcel) or not. If supported, perhaps you could send me an email documenting the outcome and no further action would be required on this specific issue. The El Macero CSA would still have an opportunity to review, comment and be involved in the project processing and conditions of approval.

If you have any questions, please do not hesitate to reach out.

Thanks,

If a proceeding is not listed, it will be subject to an initial fee as estimated by the Executive Officer. Any additional expenses incurred by the Commission, in excess of the deposited amount, will be billed to and paid by the applicant before completion of the LAFCo proceedings, including, but not limited to, consultant costs, feasibility studies, final recordation, and filings. Billing will be based on hourly rates. If a proposal is abandoned or terminated for any reason, the deposit amount not expended prior to that termination point will be refunded to the applicant.

Fees due to the State of California, including State Board of Equalization and the Department of Fish and Wildlife CEQA filing fees, will be paid by the applicant at the appropriate time and prior to final recordation of the Certificate of Completion.
