#### 4. Regular Agenda

---

- a. **Draft Budget and Fees for 2022-2023** (included with minutes)
- Yolo County Landfill Draft Budget – (included with minutes) budget reflects the additional cost of operations. Landfill operations cost have increase due to the new operations contract. The County will be contacting the cities and U.C. Davis to discuss the impact this cost increase on the contracted waste disposal rate.
  - Yolo County Landfill Draft Fees – (included with minutes) budget reflects a lot of small changes the biggest one being the pressure treated wood went from \$35 to \$65.
  - Yolo County Landfill Draft Capital Projects for 2022-2023 – (included with minutes)
- b. **SB 1383 Food Rescue** – Marissa Juhler
- Yolo County, Davis, Winters, Woodland and West Sacramento met with Cal Recycle last week to discuss where we are in the process with edible food recovery. Our first plan didn't work as well as anticipated, so we are now going to revisit our next plan of action. We have been given more time to complete this task by Cal Recycle. We do have the following contracts between the Valley Market and the Countryside Church in Esparto and between Lorenzo's Market and the Rise in Winters.
  - Yolo County and its four jurisdictions have met to draft the attached Edible Food Recovery (EFR) Funding Program Term Sheet. This document is meant to address the \$410K that the Yolo Food Bank did not accept in our efforts to meet SB 1383 compliance and expand EFR capacity in Yolo County. While the document is not yet finalized, we are asking the Waste Advisory Committee (WAC) to put this item on the April 2022 WAC agenda for discussion and vote.

The vote is to form an EFR Technical Advisory Committee (TAC) to carry out the Green House Gas (GHG) Emission Reduction targets set by SB 1383 and expand EFR in Yolo County. The TAC is to be comprised of one representative from each of the five jurisdictions, which can be selected by the CAO and City Manager at a later date. Once the guiding document is finalized, each city will deposit the appropriate allocated amounts into the Sanitation Enterprise Fund and begin working on new regional EFR strategies for distribution and program implementation.” – (draft included with minutes)
