Re: Receive CCP 2022-23 Budget Update

Revised 2022-23 Revenue Projections

On May 13, the Governor released a May Revision to the Proposed Governor's Budget for the 2022-23 fiscal year. Included in this revision, was an increase in the anticipated growth estimates for the Community Corrections Partnership (CCP). The previously released Governor's Budget assumed a Community Corrections Subaccount growth amount of \$167.7 million, while the May Revise includes growth funding of \$307.5 million.

While the Department of Financial Services (DFS) has not yet completed a revised revenue estimate for the CCP, an increase in the statewide growth indicates the County will receive additional funding. Revised revenue estimates will be provided in time for the County Adopted Budget process in September.

Subject: Discuss process for developing the 2023-2025 CCP Strategic Plan

Background

The CCP's current Strategic Plan (Attachment C) was developed for implementation in calendar years 2019 through 2022. The plan includes 15 objectives intended to further the following goals of the CCP:

1. Ensure a safe environment for all residents and visitors by reducing and preventing local crime and reducing recidivism
2. Restore victims and the community and hold offenders accountable
3. Build offender competency and support community reintegration

Departments receiving CCP funding were recently asked to provide status updates on those objectives under their purview (Attachment B) which were reviewed by the CCP during the April 11, 2022 and May 9, 2022 meetings.

With an understanding of accomplishments to date and/or changes in course related to the 2019-2022 Strategic Plan, the CCP can proceed with development of the 2023-2025 Strategic Plan.

Recommended Actions

1. Discuss a process for developing the 2023-2025 CCP Strategic Plan which will include community input during the community engagement meetings scheduled on July 19 and August 8, 2022.
2. Provide input on the existing goals and objectives of the CCP which may have been either already been achieved or may need modification for inclusion in the 2023-2025 CCP Strategic Plan.

Goal 3: Build Offender Competency and Support Community Reintegration

<p>1A. Work to build a comprehensive continuum of substance abuse services, and improve mental health and substance abuse service provision.</p> <p style="background-color: yellow;">Setting objectives with a SMART component: dates/deadlines for the 2023-25 plan</p>	<p>Improve VA verification at the jails and establish a baseline of data for the number of veterans in the jail.</p>		<p>The jail can currently run reports on who has self-identified as military (current/former). The next step would include establishing a baseline of data using these reports.</p>	<p>This objective was related to starting a VA specialty court. The action was to identify the number of vets to see if there was critical mass to warrant creating a court related to veterans.</p> <p>Desire to start a Veteran’s Court – judges to start this yet a challenge for judges to have a number of specialty courts. Should be brought up to PJ and/or Shawn. Not a large number at this time – could add numbers to other specialty courts versus starting a new one. Public Defender/DA to bring this up in standing meetings with courts – on behalf of</p>

				<p>the CCP. Chief Fruchtenicht will initiate the ask.</p>
	<p>Partner with the Criminal Justice Continuum of Care Work Group* to identify future service needs and arising issues in the criminal justice system. The SIM, reviewed by the Community Corrections Partnership (CCP) in October 2019 and by the Board of Supervisors in July 2020, illustrates gaps in services in Yolo County, while the DDRP provides opportunities for data sharing and management within the County.</p>	<p>SIM and DDRP process is ongoing</p>
	<p>Research ways to address probationer needs, such as employment* and medical services.</p> <p>*Broad action – perhaps move to different objective for the 2023-25 plan?</p>	<p>Future Project</p>	<p>There is data available from risk and needs assessments that may provide historical data trends. Potential solutions could include an employment specialist/navigator shared between the Sheriff and Probation departments.</p>	<p>CCP funding set aside for vocational development services; job training survey voluntarily completed by 182 clients to narrow down interests</p> <p>Crisis Now program under development</p> <p>Co-responder mental health clinicians (5 total) 1 supporting Sheriff and Probation (2- W. Sac, 1-Davis, 1-Woodland) – 2nd coming to Woodland soon for a new total of 6</p> <p>Focused re-entry entry services provided by Probation, especially for high-needs clients</p> <p>Mobile Medicine Program – not funded by CCP – in communities, shelters, on-site – front-end medical response (should this be included here?)</p>

1B. Find ways to more effectively receive input and share information with the public regarding criminal justice and CCP efforts.	Explore the creation of a Yolo County Criminal Justice Advisory Committee.	Future Project	This project would include community engagement, as previously proposed by CCP member, in different communities on a rotating basis.	No concrete efforts to move forward.
	Organize a list of criminal justice and treatment organizations, and begin giving updates from these other organizations.	Future Project	Health & Humans Services Agency (HHS) has a provider list which might serve as a helpful template in developing this project.	Some providers cataloged as part of SIM project Probation working on developing a list of their Adult programs and services, similar to information in Comprehensive Multi-Agency Juvenile Justice Plan for youth 2-1-1 Yolo may be a resource depending upon the intended goal Results First initiative.

<p>1C. Develop an integrated justice and behavioral health data sharing platform which will increase information sharing and coordination among law enforcement agencies and behavioral health partners.</p>	<p>Work with CRAM to create a criminal justice IT plan to coordinate data management efforts.</p> <p>CRAM is no longer together.</p>	In Progress	<p>County Information Technology (IT) to re-start regular meetings with workgroup. The DDRP provides additional opportunities for partners to engage with the existing work/integration of Probation, Jail and Behavioral Health data to add more partners or data sets to support research, development and analysis.</p>	<p>DDRP has forwarded this effort to some degree</p> <p>Made steps to address this in the past – some data sharing challenges; Kevin O’Connell has helped bridge some of these gaps and pull together information; no integrated data sharing platform</p>
	<p>Research and interview other agencies regarding their data sharing projects.</p>	In Progress	<p>There are several avenues that may be utilized to complete this process. The first is to connect with Sacramento and Alameda counties regarding their existing data-sharing projects. Next, the DDRP has access to 10 counties doing some form of data sharing or funding integration. There are also counties using innovation money to develop technical approaches.</p>	<p>Other counties were consulted; IT found their methods not compatible with our current systems; confidentiality continues to be a hurdle</p>
	<p>Decide on the best system design approach for Yolo County and hire a consultant to create project plan and RFP for data sharing.</p>	Future Project	<p>Possible need for a consultant or Business Intelligence report. Depends on what is being shared, how often it needs to be updated and any transformation. While there is a cost to technology, true cost will be human resources to standardize uses and approaches across agencies.</p>	<p>Previously a project of the DA; still a worthy goal; reached out to Measures for Justice and DA re: Transparency Project</p>
	<p>Secure funding for data sharing system.</p>

	Take one or more actions to increase housing capacity; Work with the Criminal Justice Grant Writing Team as appropriate to secure funding.	In Progress	CHFFA Round 1 grant received for \$1 million to acquire/rehab 2 properties to house 5 clients each for Diversionary Housing Project. \$66,000 will be required annually for property management. CCP has been funding property management for IGT house (also houses 5 clients) at ~\$30,000 annually.	Prior attempts to implement grant have not been successful due to need for a more robust community outreach; current housing market makes it difficult to implement as currently planned; consulting with CCP on next steps (CCP contribution to effort, reduced effort, forfeiture of grant)
