Yolo Landfill & Big Blue Barn Thrift Store Seek Customer Feedback for a Chance to Win \$30 in Free Disposal

(Woodland, CA) – The Yolo County Central Landfill is looking for customer feedback on its recycling programs, customer service, and Big Blue Barn thrift store schedule through a Community Engagement Customer Survey available at: <https://bit.ly/yololandfill22>

Customer feedback is an essential component for the Division of Integrated Waste Management to maintain and thrive in the ever-changing waste environment. The survey caters to the needs of our community, both residentially and commercially, who use landfill services. In this survey, staff is looking to expand the hours of operation for the onsite thrift store, gauge interest in charging a fee for uncovered loads that may contribute to litter, and determine what additional recycling programs should be made available in the future, among other topics.

The survey consists of 10 short questions and will be open until Tuesday, November 15, 2022. Anyone who takes the survey and leaves their phone number or email will be entered into a raffle to win \$30 in free disposal. The entire landfill team thanks you in advance for taking the time to provide us with this valuable feedback.
