Yolo County Residents Invited to Learn About Fruit Tree Care at Free Interactive Class

(Woodland, CA) – Yolo County residents are invited to learn about fruit tree care with Bonnie Berman, a UC Master Gardener, on Saturday, January 21, 2023, from 10:00 to 11:30 a.m. at the Hanna & Herbert Bauer Memorial Community Garden in Woodland. This free interactive class is presented by the Yolo County Health and Human Services Agency (HHS) and will focus on fruit tree pruning, common fruit tree pests, and how to control them, as well as tips on how to improve the lifespan of your fruit trees. Winter is the optimal time to care for your fruit trees to help them stay healthy and productive.

This class is available to all and is part of HHS's commitment to providing education to help residents eat more fresh fruits and vegetables and live healthier lives. Pre-registration is required by January 20 and can be completed by contacting David Linebarger at (530) 666-8429 or david.linebarger@yolocounty.org. Please dress for cold weather and wear shoes that can get dirty. The garden is located at 137 N. Cottonwood Street in Woodland, behind and along the west side of the HHS Bauer Building.

Community garden classes are offered for free throughout the year by HHS. Interested residents can learn more about the garden activities and classes by visiting the website: www.yolocounty.org/garden. Please Note: In the event of steady rain, the class will be postponed or canceled.
