Yolo County: CHIP Workgroup

January 12, 2023|1-2pm (60 min)

Zoom Meeting

56 invitees → 36 RSVPs→ 36 attendees

Meeting Objectives:

- Review top two priority areas identified

- Understand relationship between priority areas and significant health needs

- Recognize who is already doing similar work within priority areas

- Conduct gap analysis to determine unaddressed needs/areas within priority areas

Mins Time	Activity	Notes	Lead
10	Welcome & Icebreaker	- Icebreaker: - Meeting objectives - Agenda - Subgroup participant results, including process to submit interest (Google form or email) - Restate subgroup role in process	Vanessa
10	Brief recap of work to date & where headed	- Review of what we did with prioritization exercise - Provide roadmap of what has been accomplished thus far and where we are headed in the CHIP process	Vanessa
10	Overview of priority areas selected	- Present top two priority areas - Revisit BARHII examples of priority areas selected - Review root cause analysis matrix to showcase the connection between priority areas and SHNs - Share who is already doing similar work in the two priority areas	Paulina

Mins	Time	Activity	Notes	Lead
25		Breakout activity: Gap analysis (specifying areas of need within priority areas) & Share out	• Goal: To identify specific service environment/risk behavior areas of need (e.g., priority area: risk behaviors; specific area within risk behavior: smoking) • Who is already doing work, what can be built upon, what is not being done • Report back	Leah
5		Next steps and close	• Revisit roadmap to show what next meeting will focus on (i.e., strategy launch) • Subgroup next steps • Homework: Review NACCHO strategy slide decks	Paulina
