**CCP Strategic Plan Outcome/Strategy(s)
Supported**

Pretrial Services was expanded by the CCP through its initial Strategic Plan (2014-2019) to “hold individuals accountable” and “reduce case processing time and jail overcrowding”. Pretrial Services remains a legacy program of the CCP in support of all three Strategic Plan goals.

Use of Funding	Program Description
<p>1 Supervising Probation Officer</p> <p>2 Senior Probation Officers</p> <p>10 Probation Officers</p> <p>1 Probation Aide</p> <p>(the above were funded FTEs but not all positions were filled)</p> <p>GPS and SCRAM monitoring service contracts</p>	<p>The purpose of Probation’s Pretrial Supervision Program is to offer an alternative to pretrial incarceration for individuals booked into the jail through: 1) use of a risk assessment for likelihood of being rebooked; 2) a recommendation to the Court for suitability of supervision; and 3) Court-ordered community supervision for clients placed in the community pending case resolution.</p> <p>Through Pretrial Supervision Services, Probation Officers conduct risk assessments of recently booked offenders using the University of Cincinnati’s Ohio Risk Pretrial Assessment Tool. The tool determines an individual’s risk to re-enter custody if they were to be released prior to case resolution. Once released on Pretrial Supervised Own Recognizance (SOR) by the Court, Probation supervises those individuals to ensure that they attend all Court hearings, begin required treatment services and do not commit new crimes while they complete case-specific Court proceedings.</p>

Supplemental 2022-23 Performance Measure (PM) Information

PM1: How much did we do? | **PM2:** How well did we do it? | **PM3:** Is anyone better off?

PM1: Court-Ordered Pretrial SOR Releases

After a booked individual is either assessed for SOR suitability by Probation or arraigned in Court and found suitable for SOR release, the Court may place them with Probation on Pretrial Supervised Own Recognizance (SOR) supervision while their case resolves. The number of individuals released on SOR measures how many justice-involved individuals were served by this program as an alternative to incarceration. While more analysis is needed to determine drivers of the reduction of Pretrial SOR Release in 2022-23, COVID-19-related case resolutions may be a factor.

Performance Measure	2021-22	2022-23	Trend
Individuals Court-ordered to Pretrial SOR	640	481	Down 25%

PM2: Rate of Re-offense While on Pretrial SOR

The percentage of individuals revoked on supervision for a fresh offense can provide a measure of how well Probation and the Courts are identifying individuals for SOR release while maintaining public safety. This is a measure of those with only fresh offenses while on SOR in the fiscal year.

Performance Measure	2021-22	2022-23	Trend
Failure to Appear to Court	11%	9%	Down 2%
Pretrial Non-Compliance	13%	16%	Up 3%
New Offense	9%	5%	Down 4%
Pretrial Revoked plus GPS Non-Compliance	3%	1%	Down 2%
Pretrial Revoked plus SCRAM Non-Compliance	2%	2%	No change

PM3: SOR Supervision Days as Alternative to Pretrial Custody

With the cost of SOR community supervision days being less than jail bed days, there is a public benefit to be realized (cost avoidance) while still administering public safety oversight of those deemed suitable for pretrial release. Pretrial SOR also benefits justice-involved individuals, allowing them to be supervised in the community where they can maintain employment, family obligations, etc., while resolving their Court cases.

Performance Measure	Calendar Year 2021	Calendar Year 2022	Trend
Pretrial SOR Supervision Days	76,962 days	74,511 days	Down 3%

Additional Measure: Pretrial Supervision Population at End of Fiscal Year

Measure	June 30, 2022	June 30, 2023	Trend
Pretrial Supervision Population	179	137	Down 24%
Mental Health or Addiction Intervention Court Population	42	51	Up 21%

PM1: Pretrial Assessment Reports

Pretrial Officers review jail booking rosters daily and assess all eligible bookings for SOR. Additionally, the Court may order SOR reports to be completed for individuals in custody during any phase of the Court process. In 2022-23, Pretrial Services conducted 692 SOR assessment reports and made recommendations to the Court. PM2: 557 of those were pre-arraignment reports with recommendations completed within 16 hours or less.

Performance Measure	2021-22	F2022-23	Trend
Assessment reports made by Pretrial Services	699	692	Down 1%

PM2: Successful SOR Case Completion

If an individual placed on SOR follows their terms and conditions to the satisfaction of the Court or until their case resolves, they will exit their pretrial supervision successfully. If an individual does not follow their terms and conditions, Pretrial Officers file a revocation with the Court who makes a determination concerning termination of their SOR supervision. Reasons for revocation include failures to appear in Court or remain in contact with Probation, new law violations, rule violations of supervision or a violation of their Court-ordered alcohol or GPS monitoring system.

Performance Measure	2021-22	2022-23	Trend
SOR revocations	291	271	Down 7%
Successful SOR case completions	287	333	Up 15%
