Jacob also options on how Round II these funds could be used, which is to allocate \$3,988 to direct to client or split \$2,597 to YCCA and \$1,391 to Fourth and Hope or let the funds remain with Yolo County HHSA to use for direct client services. The County recommends the funds be allocated to Yolo County to be used for direct client services because it is close to the end of the year and the amendment to provider contracts may not be completed in time to use the funds

11. Request for Proposals Update – Jacob Baker

- Jacob mentioned that they are still in the process of getting reference checks from each of the bidding agencies. A total of five reference checks needs to be done and so far, two have been done. They are getting through the process and wanted to assure everyone has access to Bidsync.
- He also went over the RFP process which is a two-step process that evaluates the quality of the proposal. First, the Procurement Division evaluates if the proposal is responsive to the county's solicitation for proposals. Proposals that are missing required information are removed from further consideration. The responsive evaluation process is a pass/fail method. Second, an evaluation committee is formed to evaluate if the proposal is a *responsible* one. A responsible proposal is one that demonstrates an understanding of the county's needs and describe the proposer's approach and capabilities to achieve the county's goals. The evaluation committee assigns points based on criteria set by the county and the highest scores are considered the best-apparent proposers and are recommended to continue in the process to contract award.
- Jacob finished off by letting everyone know that this is his last meeting with us, he will be moving to San Diego for new employment. Jacob went on to mention that Alex Halcon, HHSA Analyst will be taking over these meetings.
