Yolo County

Community Corrections Program

Community Based Organization Funding Application

In 2011, a series of laws transferred from the state to counties the responsibility to manage, supervise, and treat certain individuals sentenced for nonviolent, nonserious, and non-sexual offenses. This change, known as Public Safety Realignment, also established the Community Corrections Partnership (CCP) as an advisory body to the Probation Department. One task of the CCP is to oversee annual funding allocations from the state to further the CCP's mission.

The Yolo County CCP's mission is to protect the public by holding individuals accountable and providing opportunities that support victim and community restoration, rehabilitation, and successful reintegration through evidence-based, innovative, and culturally competent programs and services. CCP's target population is broader than those individuals who were originally realigned and currently includes all adults and juveniles who are justice system impacted or at risk for criminal legal system involvement.

The CCP is pleased to announce it is accepting applications from community-based organizations that align with the CCP's mission and advance its 2023-2025 Strategic Plan. Applicants are encouraged to read the CCP Annual Report to understand where gaps in services may exist. Proposals that additionally seek to prevent or remediate the impacts of systemic racism and/ or disparate outcomes will be given highest consideration.

The CCP is allocating \$250,000 total that can be distributed over two years, starting July 1, 2024, and ending June 30, 2026. Applicants may submit one or more proposals for some or all of the total \$250,000 allocation. Proposals may be for one or two years in duration, but the total request may not exceed \$250,000. The CCP may allocate all, some, or none of the \$250,000 to one or multiple applicants, at its discretion.
