  - a) Update on Yolo Advisory Redistricting Commission – Matthew Hargrove District 1 Representative
    - Need to make the 5 districts balanced in terms of population (+/- 43,000 people per district)
    - West Sacramento has grown and a portion needs to be carved out to bring it's population number down to equal the other districts
    - Ogilvie commented that Clarksburg is connected to West Sacramento directly and is the commerce of choice when our residents shop within the County. He also noted that students are linked between the two areas. There are also industrial spaces available there that are unavailable in our community.
    - Johas seconded Ogilvie's comments and added that West Sacramento and Clarksburg share a similar interest when it comes to the Sacramento River. There are common concerns when it comes to levee maintenance and flood control that would be lacking if we were linked to other parts of the County.
    - Dutra mentioned a connection when it comes to Little League.
    - Comments submitted by Clarksburg residents was encouraged and can be left here: <https://www.yolocounty.org/government/general-government-departments/county-administrator/redistricting-2021>
    - McCormick asked about creating your own map. Hargrove walked through the process of creating a draft map on the County website.
