Maintaining a myHealthPointe Account for Another Individual

If you are legally authorized access to another person’s health information you may be given access to their myHealthPointe account, subject to these Terms and to the extent allowable by applicable law. Third Party and Proxy Use of myHealthPointe

You may authorize certain healthcare professionals to view, contribute to, and receive information from your health record(s) in your myHealthPointe account. You may do so by assigning privileges to those professionals through your account. Any such privileges granted are your sole responsibility. You may modify or cancel privileges for any reason and at any time.

You may also assign privileges to allow a proxy to view, contribute to, and receive information from your myHealthPointe account. You may authorize anyone who qualifies for a myHealthPointe account as a proxy. You may modify or cancel proxy privileges for any reason and at any time. If you allow a minor to be a proxy, you agree that you are accepting these Terms on the minor’s behalf and are solely responsible for the minor’s compliance with these Terms and any consequences of their use.
