- Support a strong and positive work environment that retains a high-quality workforce and provides employee development and engagement.
- Support the implementation of new technologies to improve work processes.
- Internal programs and functions are adequately funded and supported.

**STRATEGIC PLAN REVIEW SCHEDULE**

Every four years, Yolo County will conduct a new Strategic Planning cycle in which the entirety of the Plan will be open to new improvements and restructure.

In 2028, this Strategic Plan will be reviewed and a full report of accomplishments, challenges, history of revisions, and scope of progress will be provided.

Every fiscal year, the Strategic Plan will be revisited by County leadership for an annual progress report. In so doing, the Strategic Plan will connect to the annual budget review schedule. This will provide flexibility to make additions, interventions, and reprioritizations to the Strategic Plan per budget allocations. Thus, the County can provide a nimble response to changes in the community.

## DEPARTMENT STRATEGIES

Our initiatives are interconnected, collaborative, and connect to other plans across the County. Each County department considers measurable strategies and action steps that span across more than one pillar. Each County department intentionally select strategies and action steps that connect to other plans under their leadership. In addition, County departments indicate common or cross-departmental goals to demonstrate our aligned, concerted efforts.

\*Strategies optionally provided by departments administered by elected department heads (District Attorney, Sheriff, Assessor-Clerk-Recorder-Elections) are for informational purposes only and are not subject to Board approval.

## STRATEGIC ACTION PLAN (SAP)

(APPENDIX A)

The Strategic Action Plan (SAP) is a culmination of each County department's strategies and action steps towards completion attached as Appendix A in the full-length document.

The departments identify, delegate, and make progress on the strategies and action steps across all County Goals and 6 Pillars.

The Common Department(s) row includes County departments who contribute to the work to demonstrate how departments work collaboratively to accomplish the goals.

The County Plan Alignment row asks for alignment to another current plan to be recognized and linked for reference if applicable.

The Status column utilizes the following labels to communicate the state of progress and development towards goal completion.

- **Ongoing**                      A continuous, perpetual cycle of maintenance work.
- **Completed**                      Fully finished action steps and deliverables.
- **Pending**                      Near completion, awaiting final motion.
- **In Progress**                      Action has been taken to move towards completion.
- **Delayed**                      Halted from progress, postponed until further notice.
- **Not Started**                      Action will be delegated to initiate the work.

THRIVING RESIDENTS: To provide a healthy, safe, and inclusive place to live, work, and visit.

**County Goals:**

- Engage community members with outreach and educational opportunities.
  - Reduce disparities and enhance quality of life by improving access to essential services for our most vulnerable constituents.
