

OFFICE USE

Well Permit No: _____

EXHIBIT D

Replacement Well Application:

As the owner of the proposed replacement well for agricultural (irrigation), commercial or industrial uses, I hereby declare and acknowledge for myself, successors and assigns, that:

- Characteristics provided relating to the well being replaced, including but not limited to, casing size, well depth and screen interval, are accurate to the best of my knowledge.
- An application for a well destruction permit for the well being replaced must be submitted and approved before the replacement well permit can be issued.
- The well that is being replaced will be properly destroyed in accordance with County requirements for well destruction within six (6) months of the date of final inspection of the replacement well.
- The well being replaced has have been in active use for at least one (1) year during the most recent five (5) years. Relevant documents such as electrical or power records, pumping/flowmeter records or maintenance records that demonstrate the recent active use of the well being replaced must be submitted to substantiate this statement.

Please provide the name and descriptions of the supporting documentation demonstrating the recent active use of the well and submit a copy of the documentation.
