9. YOLO FOOD BANK – Genevieve Pyeatt, Director of Programs

- Completed a population-based survey to gather data for Yolo County.
- California has the highest poverty rate at 13.2 %.
- Out of 58 counties in California, Yolo County is the most impoverished with a poverty rate of 19.5%.
- In California the household food insecurity rate is 22%.
- At 29.2% nearly 1 in 3 households are food insecure in Yolo County.
- A staggering 52.9% of households working in the agriculture industry are food insecure in Yolo County.
- 40% of households have children and nearly 20% have house households with seniors.

- Over half of the houses surveyed reported using charitable food services frequently or very frequently (55.2%).
- 64.1% reported they gave food they received to family and friends.
- In Yolo County 18.9% of respondents reported utilizing Cal Fresh.
- In 2023 43.6% cited they obtained nearly all or all of their household food through Cal Fresh.
- This survey is a remarkable example of how food banks can use data to better understand food insecurity in their communities.
