## Training Opportunities

**(Woodland, CA)** – The Yolo County Planning & Public Works Department Building Inspection Division will be providing training on service equipment/switchgear and ampere interrupting capacity on Feb. 10, 8:00 a.m. to 12:00 p.m. at 292 W. Beamer Street, in Woodland. Registration is \$50 per person and includes a certificate of attendance, course hand-outs and refreshments. Registration forms may be obtained from the Planning & Public Works Department or downloaded here: [www.yolocounty.org](http://www.yolocounty.org) (go to: Government > Planning & Public Works > News & Event). One may also register by calling (530) 666-8775.

This training will attempt to break down the 2007 California Electrical requirements for service equipment/switch gear and the ampere interrupting capacity. Specific attention will be placed on articles 230 and 240 and its role in each subsequent article. The training will focus on definitions from article 100 in the California Electrical Code, Underwriters Laboratories, International Association of Electrical Inspectors and manufactures installation requirements.

This course will be taught by David Snyder of Creek Electric. Mr. Snyder received his electrical education in the U.S. Navy and has over 32 years of experience in the electrical field. His electrical experience includes residential, commercial, industrial, maintenance and electrical training both in the field and a classroom setting. His power generation experience includes nuclear, coal, gas turbine, oil fired, trash burner and wind generation.

Registration forms are due Feb. 6, 2009. For more information contact the Yolo County Department of Planning & Public Works Building Inspection Division at (530) 666-8775.
