## **Biotechnical Soil Stabilization Workshop**

**(Woodland, CA)** – The Yolo County Parks & Resources Department is holding a biotechnical soil stabilization workshop scheduled for May 18 and 19, 8:00 a.m. to 4:30 p.m., which will be held at the Cache Creek Nature Preserve located at 34199 County Road 20, west of Woodland.

This bioengineering workshop will focus on stream bank stabilization, restoration and reclamation. The workshop is geared towards those in the fields of environmental/geological engineering and habitat restoration working toward improving riparian habitat and flood safety along streams and rivers. The workshop will be lead by John McCullah, Watershed Geologist/CPESC with Salix Applied Earthcare.

Registration is \$175 for the general public and \$150 for aggregate producers and students, and includes lunch. Registration forms are due May 15 and can be found on [www.yolocounty.org](http://www.yolocounty.org) (go to: Government > Parks & Resources).

For more information contact Tami Leathers with the Yolo County Parks & Resources Department at (530) 406-4892 or e-mail: [tami.leathers@yolocounty.org](mailto:tami.leathers@yolocounty.org).
