

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

A. G. Kowamura, Secretary

June 8, 2009

PERMIT No. QC 1242

**GREEN WASTE RECEIVER - COMPOSTING  
PERMIT TO RECEIVE PROCESSED GREEN WASTE FROM  
LIGHT BROWN APPLE MOTH  
REGULATED COUNTIES**

Under authority of Title 3, California Code of Regulations, Section 3154 (Secretary May Issue Special Permits), permission is granted to:

Linda Sinderson  
Yolo County Planning and Public Works (Establishment)  
Division of Integrated Waste Management  
44090 County Road 28H  
Woodland, California 95776

to receive light brown apple moth (LBAM) regulated articles in the form of processed green waste that would otherwise be prohibited by Sections 3434 (California Code of Regulations) and 5701 (Food and Agricultural Code) under the following conditions:

1. The Establishment shall only accept green waste from a green waste origin facility operating under a LBAM compliance agreement, outlining that all green waste originating in a county with a LBAM regulated area has been processed (ground, chipped or shredded) before being shipped from the origin facility.
2. The Establishment shall only accept green waste from the regulated area if accompanied by the shipper's and/or transporter's quarantine certification (excluding self-haul loads).
3. The Establishment may accept self-haul loads without quarantine certification under the condition that such loads shall be buried daily.
4. The Establishment shall maintain a record of certified weighmaster certificates for all shipments of green waste received from the regulated area for a period of two years and make them available for inspection by county, state or federal plant regulatory officials the upon request.
5. County, state or federal plant regulatory officials may perform unannounced inspections, including sample collections, of all plant material at the Establishment or of its records at any time during normal business hours.
6. The Establishment shall add all processed green waste from the regulated area to an active compost unit within 72 hours of receipt.

7. The Establishment shall remain in compliance with California Code of Regulations, Title 14, Division 7, Chapter 3.1.
8. The Establishment shall maintain active compost at a temperature of 55 degrees Celsius (131 degrees Fahrenheit) or higher for a pathogen reduction period of 15 days or longer. During the period when compost is maintained at 55 degrees Celsius or higher, there shall be a minimum of five (5) turnings of the windrow.
8. The Establishment shall notify the Department within 24 hours of it being determined that it is not in compliance with CCR, Title 14, Division 7, Chapter 3.1, Section 17868.3.
9. The Establishment shall not move processed green waste that is not in compliance with Section 17868.3 from the facility, except to another authorized facility operating under the terms of a permit issued by the Department and via an authorized transporter operating under the terms of a permit issued by the Department or a compliance agreement issued by a county agricultural commissioner's office.
10. The following counties have LBAM quarantined areas:

Alameda County	San Francisco County
Contra Costa County	San Mateo County
Santa Barbara County	Santa Clara County
Marin County	Santa Cruz County
Monterey County	Solano County
Napa County	Sonoma County
San Benito County	Yolo County
11. The Establishment shall be responsible for regularly verifying current LBAM quarantined areas. The most up to date quarantine information can be viewed at: [http://www.cdffa.ca.gov/phpps/pdep/LBAM\\_main.htm](http://www.cdffa.ca.gov/phpps/pdep/LBAM_main.htm)
12. The Establishment shall have one LBAM trap per every five acres with a minimum of one trap located on the Establishment's property.
13. The county agricultural commissioner's office may recover their costs involved with the deployment and servicing of the required LBAM traps.

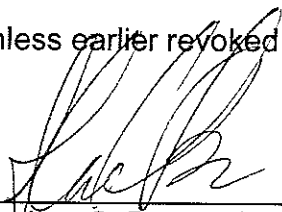

Violation of any of the conditions of this permit shall be sufficient cause for its immediate revocation. The shipment(s) shall be returned to origin or destroyed at the expense of the shipper.

PERMIT No. QC 1242

June 8, 2009
